

YES, WE KNOW all about the pictures being upside-down in the last two issues of The Herald. In fact, as soon as we printed the first issues we saw them—but after the plates are cast for our stereotype press it is a major operation to change them—so we went ahead and let the press run.

We haven't been drunk—just tired and sleepy, that's all. With more than 100,000 general election ballots to print, all on short order, we at The Herald have been "wheeling and dealing" the past two weeks. Hence, our apparent laxity in watching those picture plates.

And, speaking of the picture plates, it's quite a tedious task to turn the plates right-side-up even when one's fully awake.

H. M. BAGGARLY, writing in his "Thoughts for Thursday" column of The Tulsa Herald, has these remarks to remark:

Human personality almost always tends toward extremes. The job of personality development is one of adjusting our attitudes so that they will strike a desirable happy medium, somewhere between the left and right.

We see this problem in every phase of life. Food with no salt or too much salt is almost impossible to eat. We strive to apply the right amount.

The woman with no make-up, no grooming, looks almost as unattractive as the one that looks like a newly painted barn.

MRS. EVERETT GIBSON, mathematics teacher in Hamlin High School, as a side-light of her talk to members and guests of the Hamlin Lions Club Tuesday at their noon luncheon, gave a new definition of the lay-wake plan of buying.

"The lay-wake plan is the one where you buy something—then lay awake at night wondering how you are going to make the payments on it," she mused.

THE STORY is making the rounds of the Mississippi press, and we pass it on to our readers:

The old colored woman had long admired the leading restaurant in her town, and after segregating was abolished by law, she proceeded forthwith into the cafe and made herself at home.

"Y'all got any chilins?" she asked the waiter, and the waiter replied that they did not. "What about collards?" she asked again, and again she was told that they did not serve collards. "Got any hog jowl, fried catfish, sow bell, black-eyed peas or sardines and crackers?" And again she got a "no" answer.

"Lawd," she exclaimed, "you white folks jest ain't ready for integration yet!"

ANOTHER JIBE advanced two weeks ago by A. E. Wimpee, representing the Baptist Brotherhood of Texas, when he spoke in his Will Rogers type of appearance at the Hamlin Lions Club that caught a chuckle was:

"I remember when, as a kid at home, we had more interesting sights around the house.

"For example, the big, absorbent face towel made from a 100-pound sugar sack, and hung by the old wash-stand where we used a bowl and pitcher system for washing our faces and hands. It was really refreshing to sous one's face in cool well water, then wipe his face with that big old sugar sack towel.

"And close by was dad's long razor strap—it may be called a strap now, but it was a strap in those days. And beside that razor strap somebody placed a little motto which I could never understand. It read: 'I need thee every hour!'"

A STORY is told of a young man who called one evening on a rich old farmer to learn the farmer's story of how he became rich.

"It's a long story," said the old man, "and while I'm telling it we might as well save the candle." And he blew it out.

"You need not go on," said the youth. "I understand."

LITTLE JOHNNY entered in the poster contest one with the following inscription: "Be Careful! Don't run over our children! Wait for the teachers!"

EXPERIENCES ON THE MISSION FIELD in Japan will be related along with other mission topics when Mrs. William D. Bray speaks Sunday morning at the 11:00 o'clock hour at the First Methodist Church. Mrs. Bray and her husband are sponsored by churches of the Stamford District. Mrs. Bray is shown above with her three children. The girl, Margaret, six, is an adopted child, and she is now stay her allotted time in the states in order to become an American citizen. Dr. Bray is teaching in a Tokyo university.

Commercial Building Holding Pace in Hamlin Community

Cotton Storage And Feed Mill Major Structures

Commercial building projects in Hamlin have continued to bustle in recent weeks, and the sky-line is reflecting expansions that keep the eyes of gloom chasers on this Northwest Jones County metropolis.

Underway for several weeks has been a new cotton storage warehouse for Jay Storage Company, just west of the Katy Railway depot on the north side of the tracks, and another major business concern is the projected new feed mill of the Fred B. Moore Grain Company just south of the Moore elevator.

The cotton storage buildings made of steel and concrete, has been under construction by E. F. Fairley of Hamlin. About 250 by 275 feet in size, the big warehouse will handle about 7,500 bales of cotton, according to Eddie Jay, owner and operator. Equipped with modern automatic sprinkler systems, the warehouse is modern and as near fire-proof as is possible to build a cotton storage.

The new feed mill being built by Chalmers & Burton of Hutchinson, Kansas, will be 47 by 35 feet in size on floor plans, but the towers for the mixing and grinding equipment of the mill will be 135 feet high, according to Fred B. Moore Jr., co-owner with his father. The mill, which will contain the last word in modern feed milling equipment, will be completed about February 1.

Jones County Has Purchased 96.6% Of Bond Quota

Texas are continuing their record purchases of series E and H savings bonds, A. C. Humphrey, Jones County savings bond chairman, announced this week. During the year of 1955 and the first eight months of 1956, Texas have purchased more than during any like period since the war years of 1944-45.

Sales in Texas for the first eight months of 1956 were \$130,902,185. The people of Jones County purchased \$570,180 for the same period. Our county has achieved 96.6 per cent of its 1956 quota of \$590,000.

Chairman Humphrey reminded those people whose savings bonds have been lost, stolen or destroyed that the bonds can be replaced by contacting their bank or the Federal Reserve Bank. Savings bonds are absolutely indestructible, he concluded.

AGGIE SWEETHEART—Shelby Sanders, green-eyed blonde sophomore at Texas State College for Women in Denton, has been named Aggie Sweetheart of Texas A. & M. College for 1956-57. She hails from Stephens, Arkansas.

Homecoming Set At Foursquare Church Sunday

Sunday, October 28, has been scheduled as homecoming day at the Foursquare Gospel Church at the corner of Southwest Avenue D and First Street, according to the pastor, Rev. Carl Poole.

Invitations have been sent to former members of the Sunday School as well as to former pastors of the church.

Sunday services will begin with Sunday School at 9:45, when a record crowd is anticipated. At the 11:00 o'clock worship service Rev. Oma Jones, former pastor of the church, will bring the message.

A basket lunch will be spread at the noon hour for all attendees.

At 2:30 in the afternoon Rev. T. J. McClelland, district director of Christian education, will be the speaker. Also Rev. and Mrs. Floyd, district superintendent and wife, will be present.

Missionary to Japan to Speak Sunday At First Methodist Church in Hamlin

Mrs. William D. Bray, Methodist missionary to Japan, will speak at the First Methodist Church Sunday morning, according to the pastor, Rev. Darris L. Egger.

Members of the Comrades Sunday School Class of the First Methodist Church and the Stamford District of the Methodist Church are sponsoring Mrs. Bray and her children to this part of Texas.

While touring the different churches of the Stamford District Mrs. Bray's headquarters will be in Hamlin, where she will stay with Mrs. Alford Harden and Rev. and Mrs. Egger. Her husband, Dr. William D. Bray, is remaining in Japan for a year of special study. He is professor of Greek and Bible at Kwansui Kakuin University at Mishinomiya-shi, Japan.

Mrs. Bray and her three children—Tommy, nine, Jimmy, seven, and Margaret, six, are in the United States for a year, living in Zanesville, Ohio. Margaret is an adopted child, and has to have a year's residence in the United States in order to become a citizen of the United States. Dr. Bray will join his family a year from now for a year's furlough.

Dr. and Mrs. Bray are being sponsored in their missionary activities by the Methodist Churches of the Stamford District. Rev. Marshal Rhew, district su-

Hamlin Planning Board Works On Projects for City Activity

Fred C. Smith Named President Of Organization

Fred C. Smith, Hamlin lumber yard manager, was named president of the Hamlin Planning Board at its organization meeting Monday evening at the city hall.

The board, named recently by members of the Hamlin City Council as a representative group of Hamlin business and professional men to outline a program of action for city projects, both for work by the City Council and by a Chamber of Commerce unit that is expected to be reorganized soon, made preliminary plans and surveys Monday evening at the organization meeting.

Besides Smith, other officials named by the 10-member group included: Wesley Nail, first vice president; Earl Smith, second vice president; Donley Williams, secretary-treasurer; and R. T. Spaulding, publicity chairman.

Board of directors for the planning group is made up of all members of the group. They are, besides the officers already named: R. L. McClung, B. M. Brundage, James Josey, Weldon Johnson and Jim Howard King.

Hamlin High Invited To Furnish Debaters For Abilene Clinic

Invitation to furnish one of the demonstration debate teams for a clinic scheduled for the district has been extended to the Hamlin High School debate squad, according to Doyle Smith, English and speech teacher and coach of the debaters.

Two debaters will be chosen to represent the local team. The two will be selected from the following students who are now working on debate: Bob Haynes, Sonny Winegeart, Sara Kay Fomby and Elva Siburt.

The invitation is a singular honor extended to those schools which have developed outstanding speech records of late, Smith declares.

The clinic is to be held at Abilene Christian College on November 3. Many speech students will attend the clinic in addition to the debaters.

Schools To Be Out Five Days Thanksgiving

Thanksgiving holidays to be observed by the Hamlin schools were announced this week by Superintendent C. F. Cook, whereby five days will be allowed for the long week-end for students.

Classes will dismiss Tuesday afternoon, November 27, and no classes will be held Wednesday, Thursday and Friday. With the usual Saturday and Sunday dismissal, classes will not resume until Monday, December 3.

HOMECOMING QUEEN of the recent second annual gathering of ex-students of Hamlin High School was Mary Jo Hubbard, daughter of Mr. and Mrs. Travis Hubbard. She is shown above shortly after being crowned queen by Cliff Reynolds Jr., president of the HHS Ex-Students Association in rites on the football field between halves of the game between Colorado City and Hamlin. Flower girl was Sally Carlton and crown bearer was Cyndia Bryant.

Hamlin High School Seniors Lead Classes in Making First Honor Roll

Seniors of Hamlin High School led the classes making the first honor roll for the 1956-57 school term, released this week by Principal B. V. Newberry.

The upper classmen had 26 on the high ranking list. They were followed by the freshmen, who had 25, the sophomores who had 23, and the juniors trailed with 21.

The complete honor roll as submitted by Newberry for the first six-week period follows:

Seniors: All As—Joy Crawford, Ginger Means, Elizabeth Norton and Gene Steele; A average—Don Adair, Cel Albritton, Janis Crowley, Jay Cunningham, Clifford Green, Judy Harden, Georgia McDonnell, Davey Weaver, Mary Ann Willbanks and Dee Prewitt; B

honor roll—Carolyn Barnett, Joe Cowan, Jimmy Blackwell, Linda Carlton, Ruby Campbell, Douglas Ford, Jerry Jay, Ronny Parker, Mac Reid, Annette Smith, Muri Smith and Sonny Winegeart.

Juniors: All As—Pat Brown, Sara Fomby, Whynama Hayes and Bill Murff; A average—Dolores Carter, Everett Gibson, Bob Haynes, Joyce Grimm, Elva Siburt, Renee Moore, Joe Stephens, Eva Wallace and Virgil Wilson; B honor roll—Lanier Foster, Dale Frost, Joyce Hines, Emma Payne, Benita Smith, Sandra Stuart, Bettie Teague and Shirley Wallace.

Sophomores: All As—Mike Brandon, Jerry Carlton and Gene Murff; A average—Shirley Griffin, Dudley Griggs and Libby Johnson; B honor roll—Wesley Acklin, Barbara Butler, Lance Carmichael, Jerry Crowley, Wynn Conner, Billie Dominey, Charles Green, Linnie Johnson, Louise Lakey, Marie Lightfoot, Judy Parker, Ginger Rabjohn, Gerald Renfro, John Richey, Ed Shields, Gloria Rodgers and Teddy Westmoreland.

Freshmen: A average—Arion Baize, Patricia Bigham, Durwood Boyd, Barbara Chesier, Rebecca Ferguson, Peggy Dodd, Judith Ford, Sam Hodges, Lana Lancaster, Ann Richey, Iona Seaton and Tobe Shields; B honor roll—Betty Galoway, Brenda Fincannon, Martha Gage, Dwight Griggs, Phyllis Hollis, Pat Kelly, Ann Maberry, Kay Millhorn, Carol Nunley, Linda Perry, Cynthia Patterson, Carol Simpson and Lynn Wright.

Senator David W. Ratliff of Stamford, representing the 24th Senatorial District, has been appointed as a member of the Texas Legislative Budget Board by Lieutenant Governor Ben Ramsey.

"Senator Ratliff has shown a keen interest in the financial aspects and well-being of our government, and I am sure he will make us a valuable member of the board," Ramsey said in announcing the appointment.

The budget board, considered a vital cog in shaping the state's financial machinery, consists of four senators, four members of the House of Representatives, the speaker of the House and the lieutenant governor, who acts as chairman.

Senator Ratliff last Friday attended his first session of the 10-member board, which is holding hearings to review the reports and estimates of the various state departments, agencies and institutions preparatory to the drafting by the board of the general appropriations measures which will be submitted to the next Legislature. The hearings will continue at intervals until the Legislature convenes in January.

Charlotte Wheeler, roommate of Laveta French, at McMurry College in Abilene, and Laveta spent the week-end with the latter's parents, Mr. and Mrs. A. B. French. Miss Wheeler lives at Tulsa.

Robert Johnson, ginner and farmer, returned home Tuesday from Hamlin Memorial Hospital. He was improved from a heart attack sustained October 14.

Curb and Gutter Project in City First Objective

Following through with the curb and gutter program started several months ago as a project by the City of Hamlin was named the No. 1 project of the recently organized Hamlin Planning Board when it met in its first session Monday evening at the city hall.

The curb and gutter program was unanimously endorsed by the 10-member work projects group, and it will be pushed with all energy of the board.

It was pointed out by members of the group that the City Council had purchased equipment for doing the curb and gutter work several months ago, and got underway with a program of work. But with the resignation in September of John L. Lea, city engineer, the work was stopped.

Other projects were tentatively suggested for the planning board's activities of the future. Further projects will be discussed more in detail at the next session of the board, which is scheduled for the first Tuesday in each month.

Plans for highway action were discussed, with special emphasis being given a suggested farm-to-market road north from Hamlin near the oil mill into the Old Glory community of Stonewall County. R. L. McClung and B. M. Brundage were named to the highway committee.

Earl Smith was appointed chairman of a street committee. Jim Howard King was named chairman of the traffic committee. In connection with the traffic situation it was pointed out that trucks passing through Hamlin are not observing safety measures.

Weldon Johnson was appointed to see about conducting a survey for a program of work. Johnson also was appointed chairman of the industrial committee.

Mexico Missionary to Speak at Calvary

Pablo Valero Herrera, native missionary of Monterrey, Mexico, will be featured speaker Friday evening at 7:30 o'clock at the Calvary Baptist Church in South Hamlin. It was announced Wednesday by the pastor, Rev. W. C. Rea.

Rev. Herrera has been preaching in Mexico several years, and his experiences will thrill his hearers, declares Rev. Rea, who invites the public to hear the missionary.

Who's New This Week
Mr. and Mrs. Eugene Eaton, former Hamlin residents, are announcing the arrival of a girl on October 15. Weighing seven pounds six ounces, the little miss was named Nancy Gene. Mr. and Mrs. W. B. Elkins of Hamlin and Mr. and Mrs. L. A. Eaton of the Swadonia community are grandparents of the new arrival.

Three new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Two girls and a boy, they are:

A boy for Mr. and Mrs. J. C. Riddle of Stamford arrived October 13 at 7:04 a. m. Weighing six pounds nine ounces, he has been named James Ronald.

A boy for Mr. and Mrs. William E. Hale of Abilene was born October 15 at 12:25 p. m. He was named Jackie Edward after having his weight checked at six pounds eight ounces.

A girl arrived October 20 at 1:40 p. m. for Mr. and Mrs. Edward Lee of Haskell. Balancing the scales at nine pounds 14 ounces, she has been named Cynthia Pat.

DEMOCRAT BARBECUE—Senator Lyndon B. Johnson (center) and Sam Rayburn are handed a plate of "country style" barbecue by Mrs. Doris Lindsey of Lockhart at a rally held there. Johnson and Rayburn were featured speakers at the \$5-a-plate affair in an effort to win Democratic votes in the November election.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated October 23, 1936:

A cold drenching rain that began falling about noon Wednesday soaked the fields and filled the bar ditches. It will be a boon to the winter wheat.

J. A. Childers died Saturday night after a lingering illness. He was 82 years old.

Hamlin's Pied Pipers and the Munday Moguls battled to a 6 to 6 tie last Friday night in the first home football game. The locals take on the Stamford Bulldogs Friday night at Stamford.

Ann Ferguson came over from the State College for Women at Denton to visit last week-end with her mother, Mrs. B. S. Ferguson.

City Councilmen H. O. Cassle and B. L. Jones went to Dallas first of the week to purchase a street sweeper for the city.

Fred Wimple of Midland, Rotary district governor, was an honored guest of the Hamlin club Wednesday.

Mr. and Mrs. Bill Fletcher are entertaining a new girl, who has been named Julia Marylyn. She was born October 2.

TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated October 25, 1946:

Major contract for construction of the first unit of the Hamlin Memorial Hospital, to cost approximately \$40,000, was awarded to Tegart & Flowers. Work is scheduled to get underway in a few days. Other units will be contracted later, hospital association officials declare.

Hamlin and Jones County were well represented Friday when a referendum meeting of District 5 of the West Texas Chamber of Commerce was held at Anson.

After being held scoreless for three periods, the Pied Pipers last Friday night defeated the Stamford Bulldogs by a 14 to 0 score.

A number of Hamlin Future Farmers of America boys are busy priming their livestock for the Stamford Breeding Livestock Association Show, scheduled next week.

Charlene Mustain and Jerry Maberry were married this week in rites at McCauley.

FIVE YEARS AGO.

The following news briefs are taken from the files of the Hamlin Herald of five years ago, being reproduced from the issue dated October 26, 1951:

A new post office building for Hamlin has been tentatively approved by the post office department. The \$25,000 building would be constructed by Stanley and Art Carmichael at the corner of Avenue A and Southwest Third Street.

W. D. Earnest, former Hamlin resident, has been freed of murder charges in connection with the death of Melvin (Red) Motley at a used car lot in Rotan last March. In district court at Roby this week witnesses testified that Earnest had been threatened by Motley and that the defendant was defending himself.

A girl was born to Mr. and Mrs. Othell Murphree October 16 at the Hamlin Memorial Hospital.

B. B. (Bill) Frederick, who has been manager of the Wade Implement Company at Hamlin for three years, has moved his family to Paris, where he has entered a business of his own.

ONE YEAR AGO.

From the files of The Hamlin Herald the news items of a year ago below are reproduced from the issue of October 28, 1955:

First Garden Show sponsored by the Hamlin Garden Club will be staged Saturday afternoon and evening at the Hamlin High School cafeteria.

Two new fire trucks, one of which arrived this week, and another that will be delivered soon, will effect savings on insurance premiums for Hamlin property owners, it is announced by city officials.

Youths of the city will conduct a new kind of "trick or treat" campaign Sunday evening in observance of Halloween when they seek donations to CROP (Christian Rural Overseas Program).

The Katy Railway has been adjudged not liable in the \$200,000 damage suit filed by Jake J. Henry of Knox City.

Slow Down at Night Urged Upon Motorists in Drive

More than 50 per cent of all traffic deaths happen at night, even though a lot less driving is done at night than during the day.

During an average year, if there is such thing as an average year any more, the Texas Safety Association estimates that the mileage death rate is between two and three times as great at night as in daylight hours.

There are four reasons for this that should be apparent for everyone.

First, you can't see as well at night, and you must see danger to avoid it.

In the second place, too many drivers try to maintain day-time speeds, yet even the best headlights illuminate only a fraction of daylight seeing distance.

A third reason is that night

driving is more likely to result in fatigue, sleepiness and dulled alertness.

Finally, night is the time for sociability which, all too often, means driving after drinking.

Figures of the Texas Safety Association support these claims by revealing that between sunset and sunrise 63 per cent of all urban traffic deaths occurred. In rural areas 54 per cent of the fatal accidents happened during the same period.

Figure the heavy odds against you and don't gamble with your own life or the lives of others who share the road with you, trusting in your common sense. Drive right . . . slow down at night.

It doesn't take brains or skill to send an automobile hurtling through a tunnel of blackness. It does take brains to soberly count the hazards beyond the probing finger of the headlight beam, and skill to be ready for the emergency which may loom out of the darkness at any moment.

POLITICS IS WHAT THE VOTERS MAKE OF IT

Too many citizens are inclined to show distaste when the word "politics" is mentioned. They have the idea that politics is dirty and they, as clean and upright citizens, will have nothing to do with it.

Politics is only as dirty as the people permit it to be.

Webster defines politics as "the science and art of government." In practice, politics is government. The United States is a republic, governed by the elected representatives of the people. Ours is a government "of the people, by the people, for the people."

When citizens fail to participate in politics through the medium of the ballot box, they are leaving the field open to organized minorities acting as a political machine to capture elections.

Apathy and indifference by the voters breed abuses of the representative system. Apathetic citizens must share the blame when government becomes corrupt.

The apathy begins to make itself apparent when the time comes for citizens to qualify themselves as voters. Texas requires payment of a poll tax. Citizens may pay the \$1.50 tax from October 1 through January 31. Usually only half of those eligible to qualify as voters pay their poll taxes.

The apathy shows itself again at the elections, when only a fraction of the qualified voters turn out to cast their ballots.

Many important elections have been decided by a comparative handful of voters.

When voters are so apathetic, why should they be shocked by poor government or corrupt government?

You can't achieve integrity through legislation. Integrity in government is achieved by electing honest, capable persons to public office. An honest man will conduct his office honestly. A capable man will give his constituents the kind of government to which they are entitled.

The voter has a two-fold responsibility. He should make a diligent effort to inform himself to the best of his ability on the background, qualifications and character of the candidates seeking public office. He should inform himself on the merits and demerits of the issues to be voted on.

Then the citizen should go to his polling place and cast an intelligent vote. Casting an intelligent vote does not necessarily mean that the citizen votes for any one faction.

It means that he has informed himself well as to each candidate and issue, and votes according to his convictions for honest and capable candidates who hold views nearest his own.

Too many voters are prone to select candidates on the basis of prejudice or propaganda. Emotional votes are highly susceptible to deception by a demagogue. Reason, not emotion, should be the controlling factor in a voter's decisions.

It is a civic duty for each citizen to inform himself on candidates and issues, then vote.

By the Side of the Road

A sign at a filling station along the Texarkana road says, "We May Doze But Never Close." That, in six words, describes one of the charms of East Texas.

It says that the East Texans are always there. You can find them. You can depend on them when you need them. Also it says that the people in that area are leisure living. They are not always in a fever of bustle. And they like humor. It is a part of their lives.

East Texans, please note that Caps said the sign described one of the charms of that favored section. It did not say it was typical of all the area.

A charm is something worth having. We hope the people of East Texas hold on to this one.—Caps and Lower Case.

Nuisances Only

The cloumnists and editorial writers have had a field day writing about Joe Smith.

Joe Smith has been pictured all the way from being the spokesman of new era to being the last of the vanishing Americans. He has been freedom at bay, independence in person, the symbol of hope and the spirit of free enterprise. Whatever the writers wanted to say to promote their own beliefs they just hung on Joe Smith.

Actually, the incident of the nuisance member of the Nebraska delegation at the Republican convention means nothing at all. Every club, every congregation, every group has one or several Terry Carpenters who try to feed their own ego by taking a stand different from that of the thinking majority.

Sometimes these men are sincere in their minority belief, but most often they just either want to attract some attention by talking or they have something biting them and want to be contrary. In every instance they are an irritation in that they require extra time of sound thinking people to get on with necessary action.

We are for forgetting all about Joe Smith as a symbol of anything. People who keep bringing him up, unless in ridicule, are just as guilty of being a nuisance as was Mr. Carpenter at San Francisco.

A lot of men who go like sixty have no idea of where they are going.

Setting the Pattern

People pretty much determine the little things that happen to them. And life is made up largely of little things.

We officed for years with a very fine worker who lacked what might be called assertiveness. Hesitant to act, he held back and let people overlook him. He just plain asked to be ignored.

Slow to board a car, he was always having the elevator door closed on him. Waitresses would be ready for his order, but he had not yet looked at the menu. They were slow in coming back, but he never realized he was the one at fault. Where there were groups he was always the last one to get seated or served.

Very capable in his line and well liked, I think my friend continued to have bad luck after we lost contact with him. Capable of easily earning from \$10,000 to \$20,000 a year, he reached his later years in anything but affluent circumstances.

Modesty, unaggressiveness and consideration for others are fine traits much admired by all. But when such characteristics are carried to the point of being a footstool for everyone the virtue no longer rewards—it simply retards. Life is geared to moving forward.—Exchange.

Editorial of the Week

THIS WEATHER BUSINESS

The customers are all out of humor with the Hesperian's weather department. We still say the weather man will make a desperate effort to bring freezing weather by this week-end, but the outlook is that we have come a miserable cropper as a fall weather prophet.

We quit on spring prophesying, except for an occasional snow or something of the kind special that comes along like last February.

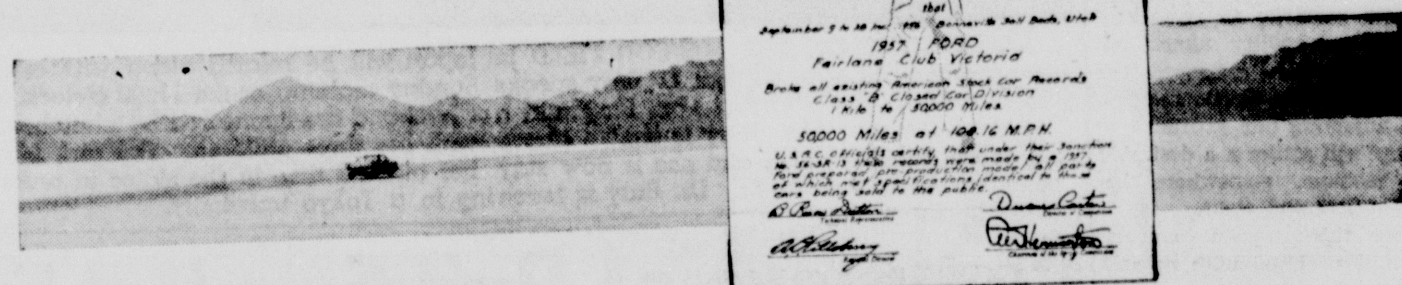

Five years or so ago, when the rain cycles gave every evidence of going wacky, we quit rain prophesies. But we stayed with the frost and freeze business in the fall, forgetting the earth's axis had slipped a cog. When it quits raining in Northeast Texas the world has got itself in a terrible mess, and everything is bound to go wrong.

Why didn't we take this as a warning? Remorse! Remorse!—Floyd County Hesperian

Never before in history has anything

built by man traveled so far in so short a time

—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run . . . Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah . . . it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world . . . a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy . . . and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dollar—the greatest the world has ever seen.

Two More Weeks of Work on New Gym

About two weeks of "winding up" work remains to be done on the new \$150,000 high school gymnasium, contractors on the job indicated this week.

Tile and wooden flooring, some

plumbing finish work, painting and electrical work constitute most of the work to be done.

A tentative open house has been set for Monday evening, November 12, according to Superintendent of Schools C. F. Cook.

Planet means wanderer.

THAT'S FOR SURE.

A small child was explaining to her younger brother that it was wrong to work on Sunday.

"But what about policemen?" asked the boy. "They have to work on Sunday. Don't they go to heaven?"

"Of course, not," replied his sister. "They're not needed there."

Attendance at City's City Schools Slumps From Previous Week

Sunday School attendance at the 11 reporting churches of the city last Sunday showed a decline from the previous Sunday's total as well as a drop from the year ago total.

The totals by churches for October 21, October 14 and a year ago follow:

Churches	Oct. 21	Oct. 14	Year Ago
United Pentecostal	11	16	28
Assembly of God	—	—	—
Calvary Baptist	50	50	55
Church of Christ	162	149	151
Sunset Baptist	68	45	40
Faith Methodist	31	40	50
First Methodist	186	264	222
Ch. of Nazarene	63	83	100
Foursquare	70	71	75
Mexican Baptist	56	44	49
Oak Gr. Col. Baptist	39	42	47
No. Cen. Ave. Bap.	70	100	70
First Baptist	425	423	411
Totals	1240	1327	1298

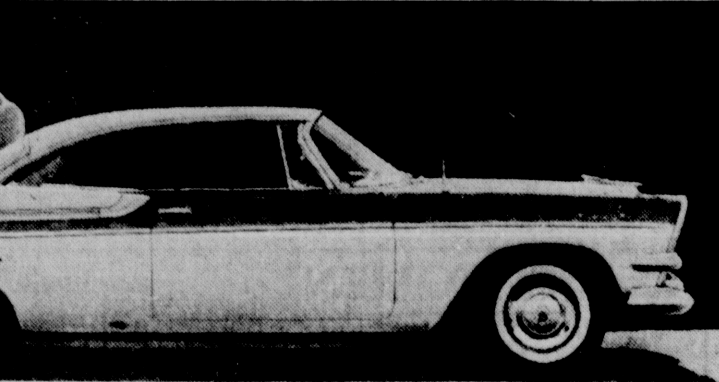

Jackie Drummond Is Leader of ROTC Unit

Jackie Drummond, son of Mr. and Mrs. G. W. Drummond of Route 1, Hamlin, has been selected commanding officer of Company F in the Tarrant State College ROTC of Stephenville.

Drummond holds the rank of captain. He is a 1955 graduate of Hamlin High School, and is majoring in business administration. Drummond is also member of the Wainwright Rifles and honor guard.

ONE THING AT A TIME.
Hubby (anxiously)—"But if you buy a costly fur coat, how are we ever going to pay for it?"
Wife—"Now, Tom, don't let's talk about two things at once. Let's talk about the coat."

The person who believes mind has control over matter has never played golf or shot dice.

THE 1957 SWEEP-WING DODGE, lower and longer, has the most exclusive styling and engineering improvements in history. The new models went on display this week at the John F. Green Motor Company in Hamlin. Height of the two-door Lancer hardtop models like the Custom Royal Lancer shown above, has been reduced by five full inches so that the new Dodge stands barely four and a half feet high. Rear fenders sweep inward and backward to keynote the car's sweep-wing styling, accenting a sport car appearance that is also a mark of the jet aircraft age.

Four Administrators Go to School Meeting

Four Hamlin school administrators were in Sweetwater Tuesday for a clinic for administrators of a section of the Oil Belt District of the Texas State Teachers Association.

Superintendent C. F. Cook, Junior High School Principal Marvin Carlton, Elementary Principal Odean Murphree and Primary Principal Mrs. Fred Smith were present for the caucus, which featured information on state graduation requirements.

JUNIOR vice commander of the Veterans of Foreign Wars in Texas, Doyle Willis (above) of Fort Worth, will be featured speaker at the fall meeting of representatives from posts and ladies' auxiliary units of that organization meeting in Snyder on October 27 and 28. Hamlin area vets and wives will attend.

Emergency Grain Program Extended In Fisher County

Extension of the emergency feed grain program in Fisher County was announced this week by Walter T. McKay, state director of the Farmers Home Administration, in a communication to Thomas M. Nanny, acting county supervisor. Farmers of the territory west of Hamlin will be affected.

Under this extension, farmers and ranchers may now file applications through December 3, 1956, for a supply of feed grain necessary to carry basic livestock herds through December 31.

This extension of the emergency fed grain program now coincides with the assistance available under the roughage program for Texas, and enables county FHA committees to consider total feed requirements, both roughage and grain, through December 31.

SMALL HOMES

can be built under new loan arrangements with repayments within five years. Pay as little as \$20.50 per \$1,000 per month.

Also you can finance additions to your present home, such as a new bath room, garage, porches and other improvements.

Members of Fifty-Two Study Club Tour Telephone Plant After Program

Mrs. Don League spoke on "Who Is the Telephone Company?" when members of the Fifty-Two Study Club met in home of Mrs. W. C. Westbrock with Mrs. E. J. Hawkins as co-hostess. Theme of the program was "Key to Communication."

Mrs. W. S. Seals led the club in the club prayer. Mrs. Ned Moore gave some interesting pointers on parliamentary procedure.

Mrs. Harry Martin, director for the program, introduced Mrs. Locke. The speaker gave a brief history of the company declared it was a magic of communication. She explained how the company was divided into three divisions and how each one operated.

Members of the club then went to the telephone central office and made a tour of the plant. Andy Anderson, line chief, conducted the group.

Mrs. Joe League presented Mrs. Dean Witt a president's pin. The club group voted to have the Har den Memorial Library as a community project for the coming year.

Mrs. Ed Lewis, chairman of the Americanism committee, re-

minded members of the group to vote in any election. The club voted to conduct a telephone campaign to remind people of the community to vote in the forthcoming general election November 6.

Mrs. J. T. Drake was elected to membership in the place of Mrs. S. C. Ferguson Jr., who resigned.

Tacky Party Staged For Young People of North Central Church

A tacky party was given for young people of the North Central Avenue Baptist Church at the C. W. Johnson home. Games were enjoyed by the group. Then prizes were given to the tackiest person, the winner of the apple bobbing and bubble blowing contests. Bobby Seifres won all three prizes.

Sharon Cary, a member of the Sunday School class, had a birthday during the week and was presented a birthday cake by members of the class.

Refreshments of cake, punch and candy were served to the following: Ruby Campbell, Bobby Seifres, Mary Lou Ellison, Beth Christian, Sharon Cary, Irene Putnam, Glenna Putnam, Lennie Johnson, Mrs. Inez Nichols and Mr. and Mrs. George Campbell.

Hostess for the party was Mrs. Johnson. Sarah Carlan acted as co-hostess.

Officers of the young people's class are: Bobby Seifres, president; Sharon Cary, vice president; Ruby Campbell, secretary; Nellie Johnson, treasurer; Polly Crocker, Nadine Brantson, Bobby Jones and Tommy Perkins, group captains.

Two Women Go to Eastern Star Session

Mrs. Joe League and Mrs. R. H. McCurdy left Sunday to attend the seventy-fourth session of the grand chapter of the Order of Eastern Star, which was held at Fort Worth at the Will Rogers Memorial Coliseum.

Mrs. League is worthy matron of Hamlin chapter No. 460 of the Eastern Star.

The Rock of Gibraltar is about 205 feet taller than the Empire State building.

Observance of Traffic Laws Around School Buses Urged for Auto Drivers

Texas school superintendents, news editors and other citizens have been requested to give statewide emphasis and interpretation to the oft neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children. Importance of the law observance is particularly stressed at this time by Hamlin School Superintendent C. F. Cook.

Three Texas agencies—the Texas Education Agency, the Texas Highway Department and the Texas Department of Public Safety—join in making the appeal.

Texas school buses were involved in 79 accidents in rural areas outside city limits) during 1935. Three children and two adults were killed in these accidents.

"Even one preventable accident, as we all know, is one too many," said J. W. Edgar, commissioner of education. "A study of the various replies which have been made to the question of what drivers of other vehicles should do when they approach a school bus which is loading or unloading children reveals a startling lack of understanding and a great deal of misunderstanding concerning what the statutes require."

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed which is prudent and does not exceed 10 miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone.

Peggy Joyce Briscoe Pledges Social Group

Peggy Joyce Briscoe of Hamlin has been selected to pledge Kappa Delta, national social sorority, at North Texas State College of Denton this semester, according to a release to The Herald.

Names of 121 pledges for the six national sororities at NTSC were announced this week by Dr. Imogene Bentley, dean of women.

Miss Briscoe, a sophomore business education major, is the daughter of Mr. and Mrs. Floyd C. Briscoe.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests!

Chances are you're putting up with unnecessary suffering with the functionally caused pains, cramps and weakness—help you feel better before and during your period!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, listlessness—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

Woman's Literary Club Studies Natural Resource Conserving

Members of the Woman's Literary Club met in the home of Mrs. M. T. York Friday afternoon with the theme of the program being "The Time Is Now to Conserve Natural Resources."

Mrs. Duane Stallcup led the members in the giving of the collect for club women. Mrs. York presided and Mrs. Virgil Steele gave the minutes of the last meeting. Mrs. C. F. Cook, federation counselor, presented the October report of the federation.

The program was in the form of a symposium: "Water, Our No. 1 Problem." This unit was worked out for women's clubs by Eudora Hawkins, representative of the West Texas Utilities Company. Mrs. W. A. Albritton was director for the symposium. Mrs. Ed Wiggins gave "Texas' Water Law Background." Mrs. Virgil Steele's topic was "Texas' Water Resources." Mrs. W. A. Cassle talked on "Water Uses and Water Problems;" and Mrs. Duane Stallcup discussed "Possible Solutions to the Water Problems."

McCaulley Church Class Group Meets In Houghton Home

Members of the Gleaners Sunday School Class of the McCaulley Baptist Church met for their monthly business and social meeting in the home of Mrs. Frank Houghton, with 14 members present.

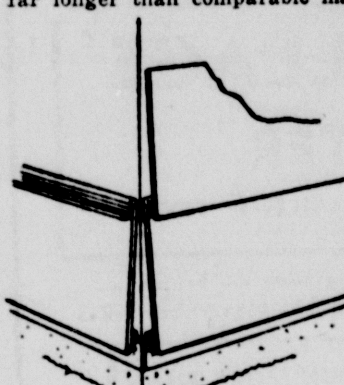

Mrs. Rufus Herbst, first vice president, presided for the business session. Mrs. Everett Bowen brought a devotional from Psalms, and Mrs. George led in prayer.

The social hour was directed by Mrs. Herbst, after which a refreshment plate was served by Mrs. Houghton to attendants.

Handy Jim's Fixin-Up Tips For the Home

No Nails Mar Face Of Shadowvent Siding
A NEW kind of siding that has no visible nails to mar the surface, that has even, trim lines and a clearcut shadow line, and that holds its painted surface far longer than comparable materials may be obtained at lumber yards under the name of Masonite Shadowvent siding.

It's a combination of a familiar product, Masonite Tempered Presdwood, and a specially formed aluminum strip, which holds the panel and is vented to prevent the condensation of moisture inside the wall.

How the panel fits into the aluminum strip without nailing is shown in the upper detail. Only the aluminum strip is nailed to the studs. The siding itself "floats." The system holds the panels in perfect alignment.

Pre-packaged panels come in widths of 10" or 12", sizes that are popular in ranch-style houses and which are available in these widths at no premium in cost. Shadowvent is easy to paint, and paint on this material lasts much longer than on the conventional siding because it is so smooth and has no knots or grain.

Of the many things that have a bad influence on children, one of the most outstanding is children.

First Baptist YWA Group Welcome Two New Members in Unit

Members of the Young Woman's Auxiliary of the First Baptist Church met with Gwendolyn Brown last Wednesday from 6:00 to 7:00 p. m. Meeting was called to order by the president, Gwen Brown. The YWA watchword was sung.

Gerry Rumfield and Glenda Hill were appointed to take the Sunday School lessons to the patients in the hospital. Minutes were read of the last meeting.

Rene Moore brought the program, entitled "Language Teacher in Costa Rica."

Refreshment were served to the following members: Gloria Rodgers, Benita Smith, Glenda Hill, Gerry Rumfield, Annette Smith, Renee Moore, Gwen Brown, Eva Wallace, and the counselor, Mrs. Kenneth Riddle.

Two new members were welcomed into the YWA—Glenda Hill and Gloria Rodgers.

Next meeting of the group will be in the home of Renee Moore on November 7.

County Club Women To Collect Gifts for Hospital at Abilene

Annual reports took most of the time at the Jones County Home Demonstration Council's October meeting. Each club president gave a brief report of her club's activities this year. Each council officer and committee chairman also gave a report of her work.

New officers elected were: Mrs. Vernon Stanley, chairman; Mrs. J. E. Hudson, vice chairman; Mrs. H. H. Windham, treasurer; and Mrs. Howard Roberts, secretary.

The council annual Christmas party, it was decided, will be a covered dish luncheon on December 11. Gifts will be exchanged, and gifts will be collected for patients at the Abilene State Hospital.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Eisenhower men are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us to-morrow is that they know they can just wait a few days and of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tideland bill."

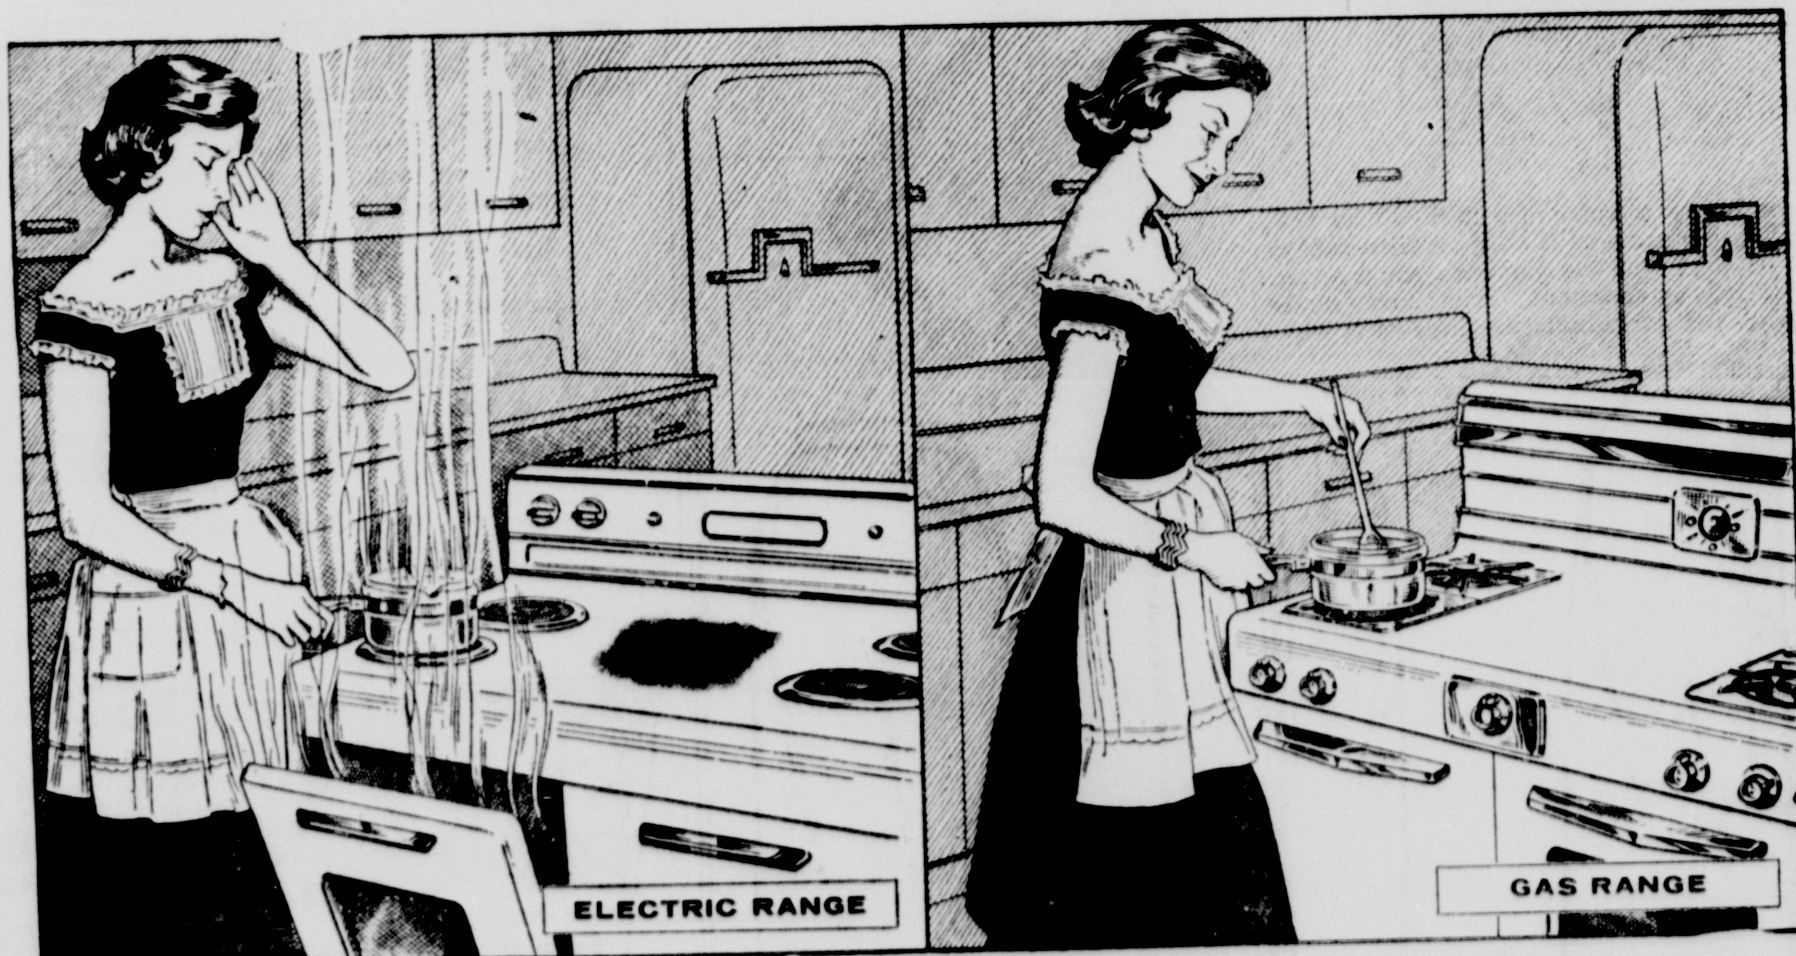

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrying him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the group, because like I said he's the only doctor in town.

Truly,
Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

Suddenly you know how modern a range should be—
flame-fast gas ranges alone offer smokeproof, closed-door broiling!

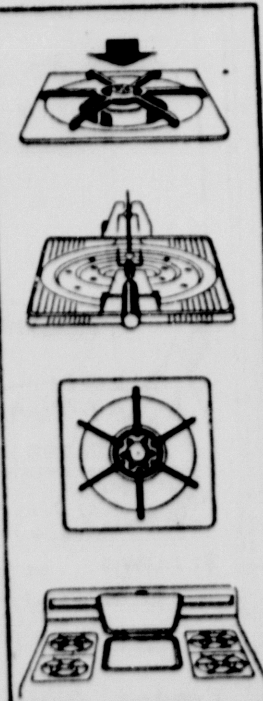

ONLY WITH EXCITING NEW FEATURES LIKE THESE CAN YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver quickly reaches and holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

New Built-In Rotisserie. Broil indoors with flame-kissed "barbecue flavor." Automatically turns out your favorite foods easily and deliciously!

Simmer Flame. On each burner, tiny points of flame make waterless "vitamin-saver" cookery a snap! Unlimited keep-warm and simmer settings!

Built-In Griddle. Perfect pancakes every time—from the new "griddle-in-the-middle." Holds temperatures automatically. It's also a giant fifth burner.

Only when you broil with gas can you keep the door tightly closed (without messy filter)—no chance of heat pouring out at you during broiling period. Modern flame-fast gas ranges are smokeproof—flame consumes smoke and grease. Keeps cook cooler and kitchen cleaner. Your husband is sure to be a gas range enthusiast, too...he knows gas broiling gives steaks that super-delicious flame-kissed flavor.

And a gas broiler is so easy to use! Flexible burner control permits slow broiling or fast-broiling as desired. No wonder smart women say truly modern cooking is cooking with flame-fast gas.

DON'T BE FOOLED... cooking with gas is cheaper. For what it costs you to cook safely for one year, you can cook for more than four years with flame-fast gas. **SAFEST COOKING EVER!** A.G.A. seal on each gas range assures reliability. Fire insurance statistics prove gas is safer!

SIZZLING TRADE-INS NOW on your gas or electric range. Cook modern—change today to a new ultra-modern gas range.

see your gas range dealer or

Lower, Longer and Wider Plymouths For 1957 to Be Display Next Tuesday

The 1957 Plymouth will be displayed by dealers throughout the nation beginning Tuesday, October 30, Plymouth President J. P. Mansfield announced this week. In Hamlin the new models will be shown by John F. Green Motor Company and Prewitt Motors.

Lower, wider and more powerful, the new model represents a complete change in styling, body structure and chassis.

Mansfield said the new car is the result of a telescoping of Plymouth's forward planning.

"The car we are about to introduce has the style and features of the car we had thought, only a few years ago, as possible for about 1960," Mansfield said. "We have moved faster than we had hoped. The public has shown an eagerness to accept dramatic change."

Plymouth models for 1957 are as much as five inches longer than corresponding 1956 models. The wheelbase has been lengthened from 115 inches for all models in 1956 to 118 inches for standard models and 122 for Suburban station wagons in the 1957 lines.

The new car has the appearance of greater length which comes from functional styling. A broad hood, soaring tail fins and forward thrusting headlight brow all contribute to the impression of length.

In chassis design Plymouth has accomplished its most significant change since the introduction of independent front wheel suspensions with coil springs in 1934. The feature is called torsion-air.

In the overall re-design of the front suspension, coil springs have disappeared. They are replaced by torsion bar springs which, together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

All of the 1957 Plymouths have more powerful engines than 1956

models. The standard V-8 for all models except the Plaza in the new Fury 301, the number signifying displacement. The Plaza V-8 retains a displacement of 277 cubic inches but, like the Fury 301, has a new camshaft, new carburetor and other innovations to achieve increased performance and economy.

Fisher Farmers to Help Defend Roby Man in Test Case

One hundred and twenty members of the Fisher County Farmers Union, in their regular monthly meeting Tuesday night, voted unanimously to give full financial and moral support to the defendant in a case now pending in the federal court in Abilene.

Joe Morris, Roby farmer, is being sued by the federal government for recovery of a claim developing from his use of Mexican national workers during the 1955 cotton season. Morris, apparently a guinea pig in the matter for several thousand farmers over West Central Texas, paid the involved workers what he thought to be the contract wage during the harvest season of 1955, and learned only in April of 1956 that the federal government claimed the rate he paid was insufficient.

Max Carriker, Fisher FU president, made the following statement immediately after the meeting at Roby:

"This wage kick-back for 1955 cotton harvest that involves so many farmers is an outright injustice to the cotton farmers of West Texas, and we are going to use every means at our command to put it right. We already have attorneys studying the matter, and their reports are very encouraging to date.

"The whole altercation evolved from a unique case of bungling on the part of certain sections of the U. S. Labor Department, and, as is typical, the burden is left with the farmer."

Funds to develop and present adequate defense in the matter will be raised by subscription through the Fisher County Farmers Union organization.

Reports from area chairmen for the FU membership drive were heard at the meeting, and the results totaled, and the overwhelming response to the drive indicates that the 1957 goal of 400 members for the Fisher County will be considerably exceeded. About 90 new members have joined their ranks, and the 1956 membership totaled 300. The drive will not be completed until January.

Merchants located in the center, which will house more than 30 businesses, will celebrate the opening by giving away prizes valued at more than \$25,000.

These prizes include two 1957 Plymouth automobiles, a foreign-made sports car, 24 bicycles, two all-expense paid trips to Havana, Cuba, for two persons each, an all-expense paid trip to Paris, France, for two persons, a complete GE all-electric kitchen, and a Cris-Craft inboard runabout.

Registration for the prizes will begin at the shopping center on opening day, October 31, and will continue through the eight-week period during which drawings are scheduled. One top prize will be given away each Saturday night, beginning November 3, for eight weeks, with three bicycles to be given away each Friday night, beginning November 2, for eight weeks. Winners do not need to be present at the drawings, and registrants do not need to buy anything.

BEING DISPLAYED THIS WEEK, the 1957 Plymouth sport coupe (hardtop) has a low silhouette, long wheelbase, more powerful Fury 301 engine and revolutionary new torsion-air ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. Car pictured here is the Belvedere with sport-tone trim. New Plymouths are on display at Prewitt Motors and John F. Green Motor Company showrooms in Hamlin.

Statement of Ownership, Circulation And Management of Hamlin Herald

Below is a statement required by the act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (Title 39, United States Code, Section 233) showing the ownership, management and circulation of The Hamlin Herald, published weekly at Hamlin, Texas, for October 1, 1956:

1. The name and address of the publisher, editor, managing editor and business manager is Willard Jones, Hamlin, Texas.

2. The owner is (if owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given): Willard Jones, Hamlin, Texas; June Jones, Abilene, Texas.

3. The known bondholders, mortgages and other security holders

owning or holding one percent or more of total amount of bonds, mortgages or other securities are: Farmers & Merchants National Bank of Hamlin, Texas; Farmers & Merchants National Bank of Abilene, Texas; Rose Rose of Stephenville.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and con-

ditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was 1,352.—Willard Jones, Publisher.

Sworn to and subscribed before me this 16th day of October, 1956.

—May Gay, Notary Public

River Oaks Unit To Give Prizes as Opening Feature

New \$2,000,000 River Oaks Village Shopping Center, located on U. S. Highway 277 (the Bronte highway) one mile west of McMurry College in Abilene, will stage a formal opening celebration October 31 through November 3. An ad about the opening is carried in today's Herald.

Merchants located in the center, which will house more than 30 businesses, will celebrate the opening by giving away prizes valued at more than \$25,000.

These prizes include two 1957 Plymouth automobiles, a foreign-made sports car, 24 bicycles, two all-expense paid trips to Havana, Cuba, for two persons each, an all-expense paid trip to Paris, France, for two persons, a complete GE all-electric kitchen, and a Cris-Craft inboard runabout.

Registration for the prizes will begin at the shopping center on opening day, October 31, and will continue through the eight-week period during which drawings are scheduled. One top prize will be given away each Saturday night, beginning November 3, for eight weeks, with three bicycles to be given away each Friday night, beginning November 2, for eight weeks. Winners do not need to be present at the drawings, and registrants do not need to buy anything.

WE ARE GRATEFUL TO THE GOOD PEOPLE OF THE HAMLIN TERRITORY . . .

After operating the theaters of Hamlin for more than 40 years, we have recently sold our interests to Carl Benefield and Ed Green.

We commend the new owners to the people of Hamlin. They, with their new manager, Mr. Barnes, are experienced theater people, and they will give the community good service.

We would be ingrates if we failed to express our sincere appreciation for the wonderful patronage of people of the area through the years. We shall ever highly esteem your considerations.

Pipers Go to Seymour Friday For First Conference Game

Panthers Doped As Stronger of Two Delegations

DISTRICT 4-AA STANDINGS

Percentages of teams of the District 4-AA conference were improved last week with all teams hitting .500 or better grade to prove the gridders are better than the average in the area. Hamlin defeated Albany in the only non-conference tilt of the week-end. Stamford beat Anson in the first district tilt, while Seymour had an open date.

All-Season Standings.
The all-season standings after last week-end's games follow:

Teams—	P.	W.	L.	T.	Pct.
Stamford	7	7	0	0	1.000
Seymour	6	5	1	0	.832
Hamlin	7	4	2	1	.643
Albany	0	0	0	0	.000

Conference Standings.
Stamford 1 1 0 0 1.000
Seymour 0 0 0 0 0.000
Hamlin 0 0 0 0 0.000
Anson 1 0 1 0 0.000

Results Last Week.
Hamlin 31, Albany 13.
Stamford 40, Anson 0.
Seymour was idle.

Where They Play.
Hamlin at Seymour.
Nocona at Stamford.
Anson: Open date.

Balance of Games to Be Played at 7:30 p. m.

Balance of the football games on the Hamlin High School Pied Piper schedule will be played at 7:30 o'clock, it was announced this week by school officials. The new time will apply Friday night at Seymour.

Games so far this season have been played at 8:00 o'clock. With shorter days now prevailing, the time was advanced 30 minutes.

Pied Pipers Whip Albany Lion Crew By 31 to 13 Count

Hamlin High School Pied Pipers improved their game percentages Friday night when they beat the Class A Albany High School Lions to the tune of 31 to 13 on the Albany griddle. It made four wins out of seven games for the Nix-men.

Hamlin scored in the first quarter when Fullback Doug Ford pushed over the double stripe from six yards out. The extra point boot went wild.

In the second period the Lions came back to take the lead when Fullback Kenneth Hill went over from the one-yard spot after a 52-yard drive and Jackie Eubank, end, booted the extra point.

Four touchdowns were racked up in the fourth quarter, with Hamlin making three of them.

Two scores came in quick succession. Herbert Lakey, halfback, scooted across the four-yard space for a touchdown. A few minutes later Halfback Virgil Wilson took a pass from Quarterback Don Adair to go 13 yards and the tally.

Albany Quarterback Glenn Macon went over from the one-yard slot to climax a 55-yard drive by the Lions. The try for extra point went awry.

Still in the same quarter Wilson again went 30 yards off tackle for another marker, and Charles Jenkins' boot was good for the seven pointer.

Last score was made in the fourth quarter when Doug Ford went through the middle of the Albany line for 18 yards and the touchdown.

First downs favored Hamlin 19 to 17. The Pipers made 331 yards on the ground to 262 for the Albany crew, but the Lions accounted for 49 yards in the air by completing three of four passes while the Pipers were making 47 yards on four out of five aerials. Albany had two passes intercepted.

RODEO CHAMPIONS—Winners of individual events in the world champion rodeo in New York's Madison Square Garden wave their hats after being awarded prizes of silver encrusted saddles. Left to right are Jim Shoulders of Henryetta, Oklahoma; Everett Colborn of Dublin, managing director of the rodeo; Ira Aker of San Antonio, bull riding; Ray Wharton of Bandera, calf roping; General John Reed Kilpatrick, chairman of Madison Square Garden; Guy Weeks of Abilene, saddle bronc riding; John Jones of Fresno, California; and Mort Hunt of Stonewall, Oklahoma.

Farm Cash Income Shows Gains with Capital Revenues

While Hamlin area farmers have not felt much of the cash income in recent months, Texas farm cash income appears to be holding up, despite one more year of drought, the University of Texas Bureau of Business Research says in a release to The Herald.

This year's total, to the end of August, was \$927,160,000, a gain of less than one-half of one per cent over the January-August 1955, income (\$925,569,000).

However, many farmers say farm income has been kept at its 1955 level through the sale of what financiers would call capital materials needed for continued production, such as breeding stock. If that is the case, farm income may drop more substantially in the next few years.

"Agricultural economists have not yet determined just what is sustaining the farm income this year, but there seem to be substantial grounds, in some parts of the state at least, for the farmers' claims," Staff Writer James H. Keahey reports.

Eleven of the 19 major farm commodities brought increase income, seven decreased and one showed little change in the 1955-56 comparison for the first eight months of the year.

Increases were made by cattle, up one per cent; corn, five per cent; calves, six per cent; wool, seven per cent; grain sorghums, 11 per cent; hogs, 16 per cent; peanuts, 23 per cent; milk and milk products, 24 per cent; poultry, 29 per cent; fruit and vegetables, 37 per cent; and sheep and lambs, 38 per cent.

Showing decreases were wheat, down two per cent; eggs, six per cent; rice, 18 per cent; cotton, 19 per cent; oats, 44 per cent; cottonseed, 50 per cent; and flaxseed, 79 per cent. Mohair registered an insignificant change.

Methodist Home Choir on Broadcasts

Special choir of the Methodist Home for Children in Waco is one of the nine music groups heard on the program, "These Are Your Children," broadcast over a regional radio network of 21 stations in Texas and Oklahoma, points out Rev. Darris L. Egger, pastor of the First Methodist Church.

The 400 children of the home present the program of story and song every Sunday morning at 8:15 o'clock. Stations heard in the Hamlin region include KGNC of Amarillo, WFAA of Dallas, and KWER of San Angelo.

THOUSAND ON A PLATE.
A rookie passing the mess hall asked the cook:

"What's on the menu tonight?"
"Oh, we have thousands of things to eat tonight."

"What are they?"
"Beans."

Hamlin Juniors Hold To First Place in Loop As Other Crews Play

While the Hamlin Junior High School gridders were idle last week, three other games were played by district junior teams—one of them a make-up from the previous week.

Albany defeated the Merkel Juniors 25 to 13 in the make-up, and Albany defeated Rotan 46 to 6 and Anson was victor over Merkel 38 to 0 last week.

After these three tilts, the percentages in the five-member conference team looked like this:

Teams—	P.	W.	L.	T.	Pct.
Hamlin	4	4	0	0	1.000
Anson	4	3	1	0	.750
Albany	4	2	2	0	.500
Rotan	4	1	3	0	.250
Merkel	4	0	4	0	.000

Games for Tuesday.
Hamlin at Albany.
Rotan at Merkel.
Anson: Open.

CAUGHT IN THE ACT.

The school inspector prepared to give the children an intelligence test.

"Now, children, close your eyes." The inspector made a noise like a dog panting. "Now open your eyes and tell me what I was doing."

"Kissing teacher," came the reply from one of the boys in a back seat.

Junior High Gridders Host to Merkel Squad

Hamlin Junior High School's football crew, coached by Harry Martin, were entertaining the Merkel Junior High team Tuesday night at Pied Piper stadium.

The Mighty Mice won the first encounter at Merkel by a 14 to 0 score.

Hamlin was to be fighting to retain first place in conference, while Merkel was trying to climb out of the cellar.

Hamlin Wins Only Non-Conference Game as Stamford Tramples Anson

The Pied Pipers of Hamlin High School won the only non-conference football tilt Friday night for District 4-AA teams by trampling the Albany Lions. Seymour was idle, and Stamford was busy making short work of the Anson Tigers in the first league game of the season.

Hamlin's defeat of the Albany crew was unimpressive, but it was a good game, witnessed by hundreds of fans from the two towns. The tilt was played on the Albany griddle. Hamlin scored five touchdowns against the Class A aggregation of Shackelford County, Doug Ford making two, Virgil Wilson two, and Herbert Lakey going over for one marker. The kicking of Charles Jenkins was below par, he making only one of the five extra points. Kenneth Hill and Glenn Macon scored the touchdowns for Albany, and Jackie Eubanks booted the first extra point.

Stamford Bulldogs' defeat of the Anson Tigers Friday night was expected, however, the 40 to 0 score was a little top-heavy for the tilt. It was the first conference melee of the season for District 4-AA teams. Stamford scored on the opening kickoff when Mike McClellan took a pitch-out from Nickie Jackson and tallied standing up. Dallas

Christian missed the extra point boot. Halfback Stanley Hill went over from the 10 in the same quarter and Christian converted. End Charles Stenholm scored on a 23-yard pass in the second period, but Christian missed the extra point try. The Bulldogs tallied twice in the third period as Jackson and Donald Davis scored. Both extra point boots were good. Hill scored the final touchdown in the fourth quarter as he pushed over from the one. Jackson passed to Stenholm for the extra point.

No Advance Tickets For Seymour Game

No tickets to Friday night's Hamlin-Seymour game will be available in Hamlin, it was announced by school officials Tuesday, so purchase of the tickets before game time will not be possible.

However, in telephone conversations with Seymour school officials Tuesday, local authorities were assured that there will be plenty of good seats available for Hamlin fans when they arrive there for the first conference game for the two teams.

Lemon trees have been cultivated in India for over 2,500 years.

SMALL HOMES

can be built under new loan arrangements with repayments within five years. Pay as little as \$20.50 per \$1,000 per month.

HAMLIN

\$6.03 Paid for Milk in Central West Texas

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during September will be \$6.03 per 100, according to an announcement by Byford W. Bain, market administrator. This price is subject to location and butterfat differentials.

Daily receipts of milk from producers decreased from 419,852 pounds in August to 414,785 pounds during September. Although total producer milk decreased from August to September,

CUTE AND COY.

"My adored one," cried her admirer, "may I print a kiss upon your lips?"

She blushed and replied, "Well-er-yes. You may print it, but you mustn't publish it."

HOBBY LOBBY.

Definition of a hobby: Something you are goofy about because you don't want to blow your top over things in general.

ber, average daily production per farm increased from 528 pounds in August to 568 pounds in September.

EXTRA VISITOR.

On answering his doorbell a man found an old friend and a large dog standing on his porch.

"Come in! Come in!" he said.

His friend came in and sat down while the dog put the man's cat to flight, knocked over a bridge lamp and several vases, and finally made himself comfortable in the best chair.

When the guest rose to leave, the host said with a touch of sarcasm in his voice, "Aren't you forgetting your dog?"

"Dog? I have no dog," replied the guest. "I thought he was yours."

State Capitol NEWS

By Vern Sanford, Manager, Texas Press Association

Austin.—Governor Allan Shivers again is heading the ranks of Texans for Ike. After killing a 1,000-pound bear in Alaska, the governor came home gunning for Adlai Stevenson.

Shivers is to make three out-of-state speeches for Eisenhower this week. He said he is ready to make more "any time, any place."

He criticized scheduled appearances in Texas of out-of-state U. S. senators who voted against the tidelands bill.

In reply Senator Lyndon Johnson said that the governor was "being discourteous and insulting" to visitors to Texas. "The tidelands issue," he said, "is as dead as Allan Shivers."

Campaigners for Price Daniel's U. S. Senate seat are in for more tortuous waiting.

Governor Shivers has said he will have no announcement on calling an election until after November 6. A special Senate election, he added, "has no place being mixed up with a presidential election."

Texas cotton farmers will vote December 11 on whether to extend federal marketing quotas to the 1957 crop.

Two-thirds approval of farmers voting nation-wide is required to put quotas into effect. Continuation of wheat quotas has already been voted.

U. S. Department of Agriculture also announced that each Texas county's 1957 cotton acreage allotment will be within at least one per cent of its 1956 level. This decision apparently was aimed at quelling a prolonged rivalry between East and West Texas counties for increased acreage.

Total Texas cotton acreage for 1957 is to be 7,410,893 acres, slightly higher than 1956.

Local option elections held in an area less than a justice precinct are illegal, say the courts.

Texas Supreme Court has upheld a Civil Appeals Court decision to this effect. As a result, a section of Austin considered "dry" since 1935 is now legally "wet."

Local option elections, said the appellate court, can be held only county-wide, city-wide or in an entire justice precinct.

Texas' need for state office space will be tripled by 1960.

So say planning consultants for the state building program. They estimate that Austin alone will

Second Graders Get Lessons in Cooking

Students of the second grades at Hamlin Primary School had an unusual treat last week. They made, baked and ate gingerbread men at school.

Each child was given a ball of dough, some red hots and a piece of waxed paper. They molded their own man and decorated him to their own choosing, reports Mrs. Fred Smith, principal of the school.

Many and varied were the forms these gingerbread men took. But, needless to say, each child had an unforgettable experience.

West Texas Utilities Company

All For \$1.76

THRU Dec. 24, 1956

Whether the state should refund some \$4,000,000 in natural gas taxes will be considered by the Third Court of Civil Appeals on February 6.

District court rules for the gas company in the test case. An issue is whether some 30 companies who paid taxes, without protest, can get their money back.

Companies which paid under protest were repaid shortly after the law was declared unconstitutional.

A sharp rise in alcoholism among Texans during 1956 is indicated. Twice as many patients have been admitted to alcoholic wards this year as last, reports the State Hospital Board.

Total number of alcoholics in the state is estimated a 159,100. This is almost twice the 1940 estimate of 83,304, represents about three per cent of the total population.

Texas cash farm income for 1956 is running slightly higher than 1955, despite the drought.

But, according to the University of Texas Bureau of Business Research, the figures reflect desperation, not prosperity.

High income, it is explained, comes from sale of production materials, such as breeding stock. Specialists compare it to the situation of a factory which keeps income up by selling its machinery.

Total through August was \$927,000,000, compared to \$925,000,000 a year ago.

Texas school board members talked all around their integration problems, finally settled on a resolution urging each district to approach the question with "dignity."

Only one dissenting vote was heard among the some 200 attending the Texas Association of School Boards convention in Austin.

One speaker declared integration should be handled strictly on a local basis. Another deplored that school boards have been made the "goats" in the controversy.

Short Shorts—Number of Texas factories increased 25 per cent from 1947 to 1953, according to the Department of Commerce. Value of manufactures rose to 103 per cent. It put Texas industrial growth well ahead of the nation as a whole. . . . Children in Texas counties will seek funds for Christian Rural Overseas Program instead of candy on Halloween night. Last year the state's youngsters brought in \$39,000 from their holiday rounds. . . . Texas schools received nearly \$84,000,000 in federal funds last year, according to the U. S. Office of Education. Texas' share was the second largest in the nation. . . . A \$5,000,000 pecan harvest this fall is expected to boost the sagging fortunes of Texas farmers and ranchers. This year's crop is estimated at 25,000,000 pounds, 34 per cent less than last year, but still considered a "good" harvest. . . . Texas has had 487 more citizens leaving the armed forces than entering so far in 1956. Entries total 33,014 and separations 33,501, says the state selective service headquarters. Of those entering, 4,811 were drafted. . . . Payments to Texas farmers under the 1956 soil bank program have hit \$7,852,232, says the U. S. Department of Agriculture.

It is colder at the South Pole than at the North Pole.

HAMLIN, TEXAS

Loans to Mexican Cattle Raisers Due To Help Purchase of Herd Breeders

President of cattlemen's unions in Northern Mexico will be special guests at the stocker and feeder sale at Fort Worth stock yards Friday, October 18, declares Ted Goudy, special market reporter for The Herald, in his weekly news release. The Texas Hereford Association received word from Francisco Vargas, presidente Union Reg. Ganadera de Durango, Mexico, that he would arrive in Fort Worth Wednesday and perhaps have some other Mexican ranchmen with him.

Manuel Torres, presidente Union Reg. Ganadera de Sonora, Mexico, reported that he was anxious to come to the sale and was trying to get other cattlemen to accompany him. Humberto V. Reyes, field man for the Hereford Association, talked with Torres and Vargas by telephone.

Last week it was announced that \$5,000,000 had been loaned Northern Mexican cattlemen for the purpose of buying breeding stock. The major portion of this loan will be for beef cattle. The Texas Hereford Association has been pushing the program for months and, since Texas cattle are so well acclimated, the Mexican cattlemen are keenly interested in filling their needs with good commercial females from the Texas ranges.

Cattle trade was uneven and prices were about steady on most classes this week. Some of the more desirable quality calves and cattle were steady to strong, and light canners and lower quality cattle and calves were steady to weak. Bulls were around 50 cents lower. Trade was reported highly uneven on virtually all classes as salesmen pressed for higher prices in view of the rain reports in much of the territory. Good and choice slaughter steers and yearlings cashed at \$17

to \$24, while common and medium offerings cleared at \$9 to \$16. Fat cows sold from \$8.50 to \$11, and canners and cutters sold from \$5 to \$8.50, with some emaciated lightweight canners attracting bids of under \$5 in some cases. Bulls sold from \$8 to \$11.50, with odd head above that range.

Butcher hogs sold 25 cents above Friday's close, and sows were 50 cents higher. Choice hogs topped at \$16.25 to \$16.75, and less desirable weights and grades cashed at \$13 to \$16. Sows cashed at \$13 to \$15.

Slaughter lambs were steady to strong, and other grades and classes sold fully steady in the sheep division. Good and choice slaughter lambs topped at \$17 to \$20, mostly \$19 downward. Cull to medium lambs drew \$8 to \$18. Stocker and feeder lambs sold from \$11 to \$15.50. Some light undesirable lambs, stockers, sold around \$7 to \$10.

Slaughter ewes sold mostly from \$4 to \$5.50, with some fresh shorn culs down to \$3 or below. Old Bucks drew \$3.50 to \$4.50. Old wethers sold from \$8 to \$12. Slaughter yearlings sold from \$9 to \$15.

LIKE IT HAPPENED.

Shocked by the language used by two workmen repairing telegraph wires close to her home, a spinster reported the matter to the company.

In making his report on the incident the foreman wrote: "Me and Bill Smith was on the job. I was up the pole and let some hot lead fall, and it went down Bill's neck. He said, 'You really must be more careful, Harry,' and I said, 'Indeed I must, Bill. I will see that it don't happen any more!'"

CHRYSLER NEW YORKER OF 1957 offers advanced forward look styling, a revolutionary new torsion-axle torsion bar suspension, a new three-speed push-button torque-lite transmission, twin headlights and smoother riding low pressure tires on 14-inch wheels. Approximately four inches lower than last year, they feature a combined heater-air conditioner, up to 40 per cent larger windshield and a new 92-cubic inch firepower V-8 engine. The new models went on display this week at Prewitt Motors in Hamlin. Shown above is the new Chrysler New Yorker two-door hardtop. They are available in a four-door sedan, four-door hardtop, convertible coupe and Town and Country wagon in a choice of 21 colors.

Mrs. Gibson Tells Lions Teacher Retirement Vital

Retirement, disability and survivors' benefits programs that will be provided under terms of the constitutional amendment to be voted on by people of Texas at the general election next month will go a long way toward holding the present teachers of our schools and attract more teachers that are sorely needed today, declared Mrs. Everett Gibson when she spoke at the Tuesday noon luncheon meeting of Hamlin Lions Club at the oil mill guest house.

The mathematics teacher in Hamlin High School pointed to the growing shortage of teachers all over the country, caused to a large extent by the lack of security afforded by teaching jobs today in comparison with other professions and trades.

Mrs. Gibson pointed out some of the provisions of the new constitutional amendment, including new contributions by the teachers themselves in order to make the profession more secure with more benefits. She said the average citizen will pay probably 50 cents per year for the new provisions of the amendment.

As a preface for her remarks about the retirement amendment Mrs. Gibson gave a background of the Texas school system as established in 1838 while Texas was a new state. She said the Texas permanent school fund, now totaling more than \$225,000,000, is one of the largest in the country.

Besides the speaker, other guest at the Tuesday luncheon was Mrs. Fred Smith, principal of Hamlin Primary School.

NO HURRY, DOC.

Man's Voice over the Phone: "Doctor, my wife has just dislocated her jaw. If you are out this way in a week or so, you might drop in."

Prewitt Sees Preview Of New Chryslers at Fort Worth Showing

T. E. (Gene) Prewitt of Prewitt Motors has just returned from Fort Worth, where Broadway stars from "Kismet," "South Pacific" and "My Fair Lady" previewed for him the 1957 Chrysler and Imperial automobiles which will go on display in his showroom next Tuesday.

E. C. Quinn, president of Chrysler division, Chrysler Corporation, pointed out that road-hugging 1957 such styling and engineering in-

Chryslers and Imperials feature novations as twin headlights, three-speed push button torque-lite transmission, revolutionary new torsion-axle suspension and 14-inch wheels.

Prewitt also previewed a low and rakish silhouette for 1957, with some models lowered as much as five inches. He saw how soaring outward-canted tail fins create the sleek appearance for a poised dart, the styling concept common in advanced aircraft, racing cars and racing boats.

The Fort Worth meeting was one of 17 held throughout the United States during October

Sterling C. P'Pool, Anson Natives, Goes To New Texaco Post

Sterling C. P'Pool was promoted to the position of district chief clerk of Texaco's Wichita Falls district, West Texas division of the producing department on October 16, according to a release to The Herald.

P'Pool comes from Texaco's division office in Fort Worth, where he held the position of head statistical accountant. He has served in various capacities in the division accounting department since his employment in Wichita Falls September 9, 1929.

P'Pool was born at Anson; at-

Hamster's Visit to Second Grades Holds Interest of Children

The four sections of the second grade at Hamlin Primary School, according to Principal Mrs. Fred Smith, had a delightful experience recently when Mike Murphy brought his pet hamster to school. His name is Little Bit.

The story of the hamster was read to the children from the encyclopedia. Then they wrote a

collective story about Little Bit. This story was their writing and language lesson for the day. Each child drew a picture of Little Bit.

Small pets, properly caged, declares Mrs. Smith, afford excellent teaching situations for the primary grades, and are always welcome.

It is very probable, the teachers point out, that Little Bit, the pet hamster, did not enjoy being in school as much as the second graders enjoyed having her.

EXPERIENCES ON THE MISSION FIELD in Japan will be related along with other mission topics when Mrs. William D. Bray speaks Sunday morning at the 11:00 o'clock hour at the First Methodist Church. Mrs. Bray and her husband are sponsored by churches of the Stamford District. Mrs. Bray is shown above with her three children. The girl, Margaret, six, is an adopted child, and she is now stay her allotted time in the states in order to become an American citizen. Dr. Bray is teaching in a Tokyo university.

Commercial Building Holding Pace in Hamlin Community

Cotton Storage And Feed Mill Major Structures

Commercial building projects in Hamlin have continued to bustle in recent weeks, and the skyline is reflecting expansions that keep the eyes of gloom chasers on this Northwest Jones County metropolis.

Underway for several weeks has been a new cotton storage warehouse for Jay Storage Company, just west of the Katy Railway depot on the north side of the tracks, and another major business concern is the projected new feed mill of the Fred B. Moore Grain Company just south of the Moore elevator.

The cotton storage buildings made of steel and concrete, has been under construction by E. F. Fairley of Hamlin. About 250 by 275 feet in size, the big warehouse will handle about 7,500 bales of cotton, according to Eddie Jay, owner and operator. Equipped with modern automatic sprinkler systems, the warehouse is modern and as near fire-proof as is possible to build a cotton storage.

The new feed mill being built by Chalmers & Burton of Hutchinson, Kansas, will be 47 by 35 feet in size on floor plans, but the towers for the mixing and grinding equipment of the mill will be 135 feet high, according to Fred B. Moore Jr., co-owner with his father. The mill, which will contain the last word in modern feed milling equipment, will be completed about February 1.

Jones County Has Purchased 96.6% Of Bond Quota

Texasans are continuing their record purchases of series E and H savings bonds, A. C. Humphrey, Jones County savings bond chairman, announced this week. During the year of 1955 and the first eight months of 1956, Texans have purchased more than during any like period since the war years of 1944-45.

Sales in Texas for the first eight months of 1956 were \$130,902,185. The people of Jones County purchased \$570,180 for the same period. Our county has achieved 96.6 per cent of its 1956 quota of \$590,000.

Chairman Humphrey reminded those people whose savings bonds have been lost, stolen or destroyed that the bonds can be replaced by contacting their bank or the Federal Reserve Bank. Savings bonds are absolutely indestructible, he concluded.

AGGIE SWEETHEART—Shelby Sanders, green-eyed blonde sophomore at Texas State College for Women of Denton, has been named Aggie Sweetheart of Texas A. & M. College for 1956-57. She hails from Stephens, Arkansas.

Homecoming Set At Foursquare Church Sunday

Sunday, October 28, has been scheduled as homecoming day at the Foursquare Gospel Church at the corner of Southwest Avenue D and First Street, according to the pastor, Rev. Carl Poole.

Invitations have been sent to former members of the Sunday School as well as to former pastors of the church.

Sunday services will begin with Sunday School at 9:45, when a record crowd is anticipated. At the 11:00 o'clock worship service Rev. Oma Jones, former pastor of the church, will bring the message.

A basket lunch will be spread at the noon hour for all attendees.

At 2:30 in the afternoon Rev. T. J. McClelland, district director of Christian education, will be the speaker. Also Rev. and Mrs. Floyd, district superintendent and wife, will be present.

Missionary to Japan to Speak Sunday At First Methodist Church in Hamlin

Mrs. William D. Bray, Methodist missionary to Japan, will speak at the First Methodist Church Sunday morning, according to the pastor, Rev. Darris L. Egger.

Members of the Comrades Sunday School Class of the First Methodist Church and the Stamford district of the Methodist Church are sponsoring Mrs. Bray and her children to this part of Texas.

While touring the different churches of the Stamford District Mrs. Bray's headquarters will be in Hamlin, where she will stay with Mrs. Alford Warden and Rev. and Mrs. Egger. Her husband, Dr. William D. Bray, is remaining in Japan for a year of special study in Tokyo in the Japanese language. He is professor of Greek and Bible at Kwansui Kakuin University at Mishinomiya-shi, Japan.

Mrs. Bray and her three children—Tommy, nine, Jimmy, seven, and Margaret, six, are in the United States for a year, living in Zanesville, Ohio. Margaret is an adopted child, and has to have a year's residence in the United States in order to become a citizen of the United States. Dr. Bray will join his family a year from now for a year's furlough.

Dr. and Mrs. Bray are being sponsored in their missionary activities by the Methodist Churches of the Stamford District. Rev. Marshal Rheu, district su-

perintendent, is arranging the schedule of missionary talks by Mrs. Bray. Sunday, October 28, Mrs. Bray will speak in Hamlin; she will appear at Aspermont at 5:00 p. m. and at Roby at 7:00 p. m. on the same day. From these she will go to Albany on Monday night; Rochester on

Hamlin Planning Board Works On Projects for City Activity

Fred C. Smith Named President Of Organization

Fred C. Smith, Hamlin lumber yard manager, was named president of the Hamlin Planning Board at its organization meeting Monday evening at the city hall.

The board, named recently by members of the Hamlin City Council as a representative group of Hamlin business and professional men to outline a program of work for city projects, both for action by the City Council and by a Chamber of Commerce unit that is expected to be reorganized soon, made preliminary plans and surveys Monday evening at the organization meeting.

Besides Smith, other officials named by the 10-member group included: Wesley Nail, first vice president; Earl Smith, second vice president; Donley Williams, secretary-treasurer; and R. T. Spaulding, publicity chairman.

Board of directors for the planning group is made up of all members of the group. They are, besides the officers already named: R. L. McClung, B. M. Brundage, James Joyce, Weldon Johnson and Jim Howard King.

Hamlin High Invited To Furnish Debaters For Abilene Clinic

Invitation to furnish one of the demonstration debate teams for a clinic scheduled for the district has been extended to the Hamlin High School debate squad, according to Doyle Smith, English and speech teacher and coach of the debaters.

Two debaters will be chosen to represent the local team. The two will be selected from the following students who are now working on debate: Bob Haynes, Sonny Winegart, Sara Kay Fomby and Elva Siburt.

The invitation is a singular honor extended to those schools which have developed outstanding speech records of late, Smith declares.

The clinic is to be held at Abilene Christian College on November 3. Many speech students will attend the clinic in addition to the debaters.

Schools to Be Out Five Days Thanksgiving

Thanksgiving holidays to be observed by the Hamlin schools were announced this week by Superintendent C. F. Cook, whereby five days will be allowed for the long week-end for students.

Classes will dismiss Tuesday afternoon, November 27, and no classes will be held Wednesday, Thursday and Friday. With the usual Saturday and Sunday dismissal, classes will not resume until Monday, December 3.

DEMOCRAT BARBECUE — Senator Lyndon B. Johnson (center) and Sam Rayburn are handed a plate of "country style" barbecue by Mrs. Doris Lindsey of Lockhart at a rally held there. Johnson and Rayburn were featured speakers at the \$5-a-plate affair in an effort to win Democratic votes in the November election.

HOMECOMING QUEEN of the recent second annual gathering of ex-students of Hamlin High School was Mary Jo Hubbard, daughter of Mr. and Mrs. Travis Hubbard. She is shown above shortly after being crowned queen by Cliff Reynolds Jr., president of the HHS Ex-Students Association in rites on the football field between halves of the game between Colorado City and Hamlin. Flower girl was Sally Carlton and crown bearer was Cyndia Bryant.

Hamlin High School Seniors Lead Classes in Making First Honor Roll

Seniors of Hamlin High School led the classes making the first honor roll for the 1956-57 school term, released this week by Principal B. V. Newberry.

The upper classmen had 26 on the high ranking list. They were followed by the freshmen, who had 25, the sophomores who had 23, and the juniors trailed with 21.

The complete honor roll as submitted by Newberry for the first six-week period follows:

Seniors: All As—Joy Crawford, Ginger Means, Elizabeth Norton and Gene Steele; A average—Don Adair, Cel Albritton, Janis Crowley, Jay Cunningham, Clifford Green, Judy Harden, Georgia McDonnell, Davey Weaver, Mary Ann Willbanks and Dee Prewitt; B

honor roll—Carolyn Barnett, Joe Cowan, Jimmy Blackwell, Linda Carlton, Ruby Campbell, Douglas Ford, Jerry Jay, Ronny Parker, Mac Reid, Annette Smith, Muri Smith and Sonny Winegart.

Juniors: All As—Pat Brown, Sara Fomby, Wynama Hayes and Bill Murff; A average—Dolores Carter, Everett Gibson, Bob Haynes, Joyce Grimm, Elva Siburt, Renee Moore, Joe Stephens, Eva Wallace and Virgil Wilson; B honor roll—Lanier Foster, Dale Frost, Joyce Hines, Emma Payne, Benita Smith, Sandra Stuart, Bette Teague and Shirley Wallace.

Sophomores: All As—Mike Brandon, Jerry Carlton and Gene Murff; A average—Shirley Griffin, Dudley Griggs and Libby Johnson; B honor roll—Wesley Acklin, Barbara Butler, Lance Carmichael, Jerry Crowley, Wynonna Conner, Billie Dominey, Charles Green, Linnie Johnson, Louise Lakey, Marie Lightfoot, Judy Parker, Ginger Rabjohn, Gerald Renfro, John Richey, Ed Shields, Gloria Rodgers and Teddy Westmoreland.

Freshmen: A average—Arlon Baize, Patricia Bigham, Durwood Boyd, Barbara Chesier, Rebecca Ferguson, Peggy Dodd, Judith Ford, Sam Hodges, Lana Lancaster, Ann Richey, Iona Seaton and Tobe Shields; B honor roll—Betty Galoway, Brenda Fincannon, Martha Gage, Dwight Griggs, Phyllis Hollis, Pat Kelly, Ann Maberry, Kay Milliner, Carol Nubley, Linda Perry, Cynthia Patterson, Carol Simpson and Lynn Wright.

Business People of Hamlin Improved in Check-Up by Herald

Three Hamlin business people in whom their friends have been interested are improved, according to a check-up by The Herald Wednesday morning.

Mrs. B. S. Ferguson, pioneer theater woman, has improved from an illness that began October 13 when she was taken to Hamlin Memorial Hospital.

Carl Murrell, automobile dealer, is due to return home this week-end from Temple, where he has been in the Scott & White Hospital following an internal hemorrhage.

Robert Johnson, ginnee and farmer, returned home Tuesday from Hamlin Memorial Hospital. He was improved from a heart attack sustained October 14.

Curb and Gutter Project in City First Objective

Following through with the curb and gutter program started several months ago as a project by the City of Hamlin was named the No. 1 project of the recently organized Hamlin Planning Board when it met in its first session Monday evening at the city hall.

The curb and gutter program was unanimously endorsed by the 10-member work projects group, and it will be pushed with all energy of the board.

It was pointed out by members of the group that the City Council had purchased equipment for doing the curb and gutter work several months ago, and got underway with a program of work. But with the resignation in September of John L. Lea, city engineer, the work was stopped.

Other projects were tentatively suggested for the planning board's activities of the future. Further projects will be discussed more in detail at the next session of the board, which is scheduled for the first Tuesday in each month.

Plans for highway action were discussed, with special emphasis being given a suggested farm-to-market road north from Hamlin near the oil mill into the Old Glory community of Stonewall County. R. L. McClung and B. M. Brundage were named to the highway committee.

Earl Smith was appointed chairman of a street committee. Jim Howard King was named chairman of the traffic committee. In connection with the traffic situation it was pointed out that trucks passing through Hamlin are not observing safety measures.

Weldon Johnson was appointed to see about conducting a survey for a program of work. Johnson also was appointed chairman of the industrial committee.

Mexico Missionary to Speak at Calvary

Pablo Valero Herrera, native missionary of Monterrey, Mexico, will be featured speaker Friday evening at 7:30 o'clock at the Calvary Baptist Church in South Hamlin. It was announced Wednesday by the pastor, Rev. W. C. Rea.

Rev. Herrera has been preaching in Mexico several years, and his experiences will thrill his hearers, declares Rev. Rea, who invites the public to hear the missionary.

Mr. and Mrs. Eugene Eaton, former Hamlin residents, are announcing the arrival of a girl on October 15. Weighing seven pounds six ounces, the little miss was named Nancy Gene. Mr. and Mrs. W. B. Elkins of Hamlin and Mr. and Mrs. L. A. Eaton of the Swadonia community are grandparents of the new arrival.

Three new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Two girls and a boy, they are:

A boy for Mr. and Mrs. J. C. Riddle of Stamford arrived October 13 at 7:04 a. m. Weighing six pounds nine ounces, he has been named James Ronald.

A boy for Mr. and Mrs. William E. Hale of Abilene was born October 15 at 12:25 p. m. He was named Jackie Edward after having his weight checked at six pounds eight ounces.

A girl arrived October 20 at 1:40 p. m. for Mr. and Mrs. Edward Lee of Haskell. Balancing the scales at nine pounds 14 ounces, she has been named Cynthia Pat.

POLITICS IS WHAT THE VOTERS MAKE OF IT

Too many citizens are inclined to show distaste when the word "politics" is mentioned. They have the idea that politics is dirty and they, as clean and upright citizens, will have nothing to do with it.

Politics is only as dirty as the people permit it to be.

Webster defines politics as "the science and art of government." In practice, politics is government. The United States is a republic, governed by the elected representatives of the people. Ours is a government "of the people, by the people, for the people."

When citizens fail to participate in politics through the medium of the ballot box, they are leaving the field open to organized minorities acting as a political machine to capture elections.

Apathy and indifference by the voters breed abuses of the representative system. Apathetic citizens must share the blame when government becomes corrupt.

The apathy begins to make itself apparent when the time comes for citizens to qualify themselves as voters. Texas requires payment of a poll tax. Citizens may pay the \$1.50 tax from October 1 through January 31. Usually only half of those eligible to qualify as voters pay their poll taxes.

The apathy shows itself again at the elections, when only a fraction of the qualified voters turn out to cast their ballots.

Many important elections here have been decided by a comparative handful of voters.

When voters are so apathetic, why should they be shocked by poor government or corrupt government?

You can't achieve integrity through legislation. Integrity in government is achieved by electing honest, capable persons to public office. An honest man will conduct his office honestly. A capable man will give his constituents the kind of government to which they are entitled.

The voter has a two-fold responsibility. He should make a diligent effort to inform himself to the best of his ability on the background, qualifications and character of the candidates seeking public office. He should inform himself on the merits and demerits of the issues to be voted on.

Then the citizen should go to his polling place and cast an intelligent vote. Casting an intelligent vote does not necessarily mean that the citizen votes for any one faction.

It means that he has informed himself well as to each candidate and issue, and votes according to his convictions for honest and capable candidates who hold views nearest his own.

Too many voters are prone to select candidates on the basis of prejudice or propaganda. Emotional votes are highly susceptible to deception by a demagogue. Reason, not emotion, should be the controlling factor in a voter's decisions.

It is a civic duty for each citizen to inform himself on candidates and issues, then vote.

By the Side of the Road

A sign at a filling station along the Texarkana road says, "We May Doze But Never Close." That, in six words, describes one of the charms of East Texas.

It says that the East Texans are always there. You can find them. You can depend on them when you need them. Also it says that the people in that area are leisure living. They are not always in a fever of bustle. And they like humor. It is a part of their lives.

East Texans, please note that Caps said the sign described one of the charms of that favored section. It did not say it was typical of all the area.

A charm is something worth having. We hope the people of East Texas hold on to this one.—Caps and Lower Case.

Nuisances Only

The columnists and editorial writers have had a field day writing about Joe Smith.

Joe Smith has been pictured all the way from being the spokesman of new era to being the last of the vanishing Americans. He has been freedom at bay, independence in person, the symbol of hope and the spirit of free enterprise. Whatever the writers wanted to say to promote their own beliefs they just hung on Joe Smith.

Actually, the incident of the nuisance member of the Nebraska delegation at the Republican convention means nothing at all. Every club, every congregation, every group has one or several Terry Carpenters who try to feed their own ego by taking a stand different from that of the thinking majority.

Sometimes these men are sincere in their minority belief, but most often they just either want to attract some attention by talking or they have something biting them and want to be contrary. In every instance they are an irritation in that they require extra time of sound thinking people to get on with necessary action.

We are for forgetting all about Joe Smith as a symbol of anything. People who keep bringing him up, unless in ridicule, are just as guilty of being a nuisance as was Mr. Carpenter at San Francisco.

A lot of men who go like sixty have no idea of where they are going.

Setting the Pattern

People pretty much determine the little things that happen to them. And life is made up largely of little things.

We officed for years with a very fine worker who lacked what might be called assertiveness. Hesitant to act, he held back and let people overlook him. He just plain asked to be ignored.

Slow to board a car, he was always having the elevator door closed on him. Waitresses would be ready for his order, but he had not yet looked at the menu. They were slow in coming back, but he never realized he was the one at fault. Where there were groups he was always the last one to get seated or served.

Very capable in his line and well liked, I think my friend continued to have bad luck after we lost contact with him. Capable of easily earning from \$10,000 to \$25,000 a year, he reached his later years in anything but affluent circumstances.

Modesty, unaggressiveness and consideration for others are fine traits much admired by all. But when such characteristics are carried to the point of being a footstool for everyone the virtue no longer rewards—it simply retards. Life is geared to moving forward.—Exchange.

Editorial of the Week

THIS WEATHER BUSINESS

The customers are all out of humor with the Hesperian's weather department. We still say the weather man will make a desperate effort to bring freezing weather by this weekend, but the outlook is that we have come a miserable cropper as a fall weather prophet.

We quit on spring prophesying, except for an occasional snow or something of the kind special that comes along like last February.

Five years or so ago, when the rain cycles gave every evidence of going wacky, we quit rain prophesies. But we stayed with the frost and freeze business in the fall, forgetting the earth's axis had slipped a cog. When it quits raining in Northeast Texas the world has got itself in a terrible mess, and everything is bound to go wrong.

Why didn't we take this as a warning? Remorse! Remorse!—Floyd County Hesperian

RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated October 23, 1936:

A cold drenching rain that began falling about noon Wednesday soaked the fields and filled the bar ditches. It will be a boon to the winter wheat.

J. A. Childers died Saturday night after a lingering illness. He was 82 years old.

Hamlin's Pied Pipers and the Munday Moguls battled to a 6 to 6 tie last Friday night in the first home football game. The locals take on the Stamford Bulldogs Friday night at Stamford.

Ann Ferguson came over from the State College for Women at Denton to visit last week-end with her mother, Mrs. B. S. Ferguson.

City Councilmen H. O. Cassle and B. L. Jones went to Dallas first of the week to purchase a street sweeper for the city.

Fred Wimple of Midland, Rotary district governor, was an honored guest of the Hamlin club Wednesday.

Mr. and Mrs. Bill Fletcher are entertaining a new girl, who has been named Julia Marylyn. She was born October 2.

TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated October 25, 1946:

Major contract for construction of the first unit of the Hamlin Memorial Hospital, to cost approximately \$40,000, was awarded to Tegart & Flowers. Work is scheduled to get underway in a few days. Other units will be contracted later, hospital association officials declare.

Hamlin and Jones County were well represented Friday when a referendum meeting of District 5 of the West Texas Chamber of Commerce was held at Anson.

After being held scoreless for three periods, the Pied Pipers last Friday night defeated the Stamford Bulldogs by a 14 to 0 score.

A number of Hamlin Future Farmers of America boys are busy priming their livestock for the Stamford Breeding Livestock Association Show, scheduled next week.

Charlene Mustain and Jerry Mabery were married this week in rites at McCauley.

FIVE YEARS AGO.

The following news briefs are taken from the files of the Hamlin Herald of five years ago, being reproduced from the issue dated October 26, 1951:

A new post office building for Hamlin has been tentatively approved by the post office department. The \$25,000 building would be constructed by Stanley and Art Carmichael at the corner of Avenue A and Southwest Third Street.

W. D. Earnest, former Hamlin resident, has been freed of murder charges in connection with the death of Melvin (Red) Motley at a used car lot in Rotan last March. In district court at Roby this week witnesses testified that Earnest had been threatened by Motley and that the defendant was defending himself.

A girl was born to Mr. and Mrs. Othell Murphree October 16 at the Hamlin Memorial Hospital.

B. B. (Bill) Frederick, who has been manager of the Wade Implement Company at Hamlin for three years, has moved his family to Paris, where he has entered a business of his own.

ONE YEAR AGO.

From the files of The Hamlin Herald the news items of a year ago below are reproduced from the issue of October 28, 1955:

First Garden Show sponsored by the Hamlin Garden Club will be staged Saturday afternoon and evening at the Hamlin High School cafeteria.

Two new fire trucks, one of which arrived this week, and another that will be delivered soon, will effect savings on insurance premiums for Hamlin property owners, it is announced by city officials.

Youths of the city will conduct a new kind of "trick or treat" campaign Sunday evening in observance of Halloween when they seek donations to CROP (Christian Rural Overseas Program).

The Katy Railway has been adjudged not liable in the \$200,000 damage suit filed by Jake J. Henry of Knox City.

Slow Down at Night Urged Upon Motorists in Drive

More than 50 per cent of all traffic deaths happen at night, even though a lot less driving is done at night than during the day.

During an average year, if there is such thing as an average year any more, the Texas Safety Association estimates that the mileage death rate is between two and three times as great at night as in daylight hours.

There are four reasons for this that should be apparent for everyone.

First, you can't see as well at night, and you must see danger to avoid it.

In the second place, too many drivers try to maintain day-time speeds, yet even the best headlights illuminate only a fraction of daylight seeing distance.

A third reason is that night

driving is more likely to result in fatigue, sleepiness and dulled alertness.

Finally, night is the time for sociability which, all too often, means driving after drinking.

Figures of the Texas Safety Association support these claims by revealing that between sunset and sunrise 63 per cent of all urban traffic deaths occurred. In rural areas 54 per cent of the fatal accidents happened during the same period.

Figure the heavy odds against you and don't gamble with your own life or the lives of others who share the road with you, trusting in your common sense. Drive right . . . slow down at night.

It doesn't take brains or skill to send an automobile hurtling through a tunnel of blackness. It does take brains to soberly count the hazards beyond the probing finger of the headlight beam, and skill to be ready for the emergency which may loom out of the darkness at any moment.

Never before in history has anything

built by man traveled so far in so short a time

—by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run . . . Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah . . . it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relay they drove these cars night and day for a distance greater than twice around the world . . . a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy . . . and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dollar—the greatest the world has ever seen.

Two More Weeks of Work on New Gym

About two weeks of "winding up" work remains to be done on the new \$150,000 high school gymnasium, contractors on the job indicated this week.

Tile and wooden flooring, some

plumbing finish work, painting and electrical work constitute most of the work to be done.

A tentative open house has been set for Monday evening, November 12, according to Superintendent of Schools C. F. Cook.

Planet means wanderer.

THAT'S FOR SURE.

A small child was explaining to her younger brother that it was wrong to work on Sunday.

"But what about policemen?" asked the boy. "They have to work on Sunday. Don't they go to heaven?"

"Of course, not," replied his sister. "They're not needed there."

THE 1957 SWEPT-WING DODGE, lower and longer, has the most exclusive styling and engineering improvements in history. The new models went on display this week at the John F. Green Motor Company in Hamlin. Height of the two-door Lancer hardtop models like the Custom Royal Lancer shown above, has been reduced by five full inches so that the new Dodge stands barely four and a half feet high. Rear fenders sweep inward and backward to keynote the car's swept-wing styling, accenting a sport car appearance that is also a mark of the jet aircraft age.

Attendance at City's City Schools Slumps From Previous Week

Sunday School attendance at the 11 reporting churches of the city last Sunday showed a decline from the previous Sunday's total as well as a drop from the year ago total.

The totals by churches for October 21, October 14 and a year ago follow:

Churches—	Oct. 21	Oct. 14	Year Ago
United Pentecostal	11	16	28
Assembly of God	—	—	—
Calvary Baptist	50	50	53
Church of Christ	162	149	151
Sunset Baptist	68	45	40
Faith Methodist	31	40	50
First Methodist	186	264	222
Ch. of Nazarene	63	83	100
Foursquare	70	71	75
Mexican Baptist	56	44	49
Oak Gr. Col. Baptist	39	42	47
No. Cen. Ave. Bap.	70	100	70
First Baptist	425	423	411
Totals	1240	1327	1298

Jackie Drummond Is Leader of ROTC Unit

Jackie Drummond, son of Mr. and Mrs. G. W. Drummond of Route 1, Hamlin, has been selected commanding officer of Company F in the Tarleton State College ROTC of Stephenville.

Drummond holds the rank of captain. He is a 1955 graduate of Hamlin High School, had is majoring in business administration. Drummond is also member of the Wainwright Rifles and honor guard.

ONE THING AT A TIME.

Hubby (anxiously)—"But if you buy a costly fur coat, how are we ever going to pay for it?"
Wife—"Now, Tom, don't let's talk about two things at once. Let's talk about the coat."

The person who believes ming has control over matter has never played golf or shot dice.

Four Administrators Go to School Meeting

Four Hamlin school administrators were in Sweetwater Tuesday for a clinic for administrators of a section of the Oil Belt District of the Texas State Teachers Association.

Superintendent C. F. Cook, Juniro High School Principal Marvin Carlton, Elementary Principal Odean Murphree and Primary Principal Mrs. Fred Smith were present for the caucus, which featured information on state graduation requirements.

JUNIOR vice commander of the Veterans of Foreign Wars in Texas, Doyle Willis (above) of Fort Worth, will be featured speaker at the fall meeting of representatives from posts and ladies' auxiliary units of that organization meeting in Snyder on October 27 and 28. Hamlin area vets and wives will attend.

Emergency Grain Program Extended In Fisher County

Extension of the emergency feed grain program in Fisher County was announced this week by Walter T. McKay, state director of the Farmers Home Administration, in a communication to Thomas M. Nanny, acting county supervisor. Farmers of the territory west of Hamlin will be affected.

Under this extension, farmers and ranchers may now file applications through December 3, 1956, for a supply of feed grain necessary to carry basic livestock herds through December 31.

This extension of the emergency fed grain program now coincides with the assistance available under the roughage program for Texas, and enables county FHA committees to consider total feed requirements, both roughage and grain, through December 31.

SMALL HOMES

can be built under new loan arrangements with repayments within five years. Pay as little as \$20.50 per \$1,000 per month.

Also you can finance additions to your present home, such as a new bath room, garage, porches and other improvements.

Hamlin People to Attend VFW Area Session at Snyder

Several Hamlin area veterans and their wives will be among those present at the fall meeting of representatives from posts and ladies' auxiliary unit of the Veterans of Foreign Wars Saturday and Sunday at Snyder. Featured speaker will be Doyle Willis of Fort Worth, junior vice commander of the VFW in Texas.

Attendants will go from VFW's District 8, which includes Haskell, Throckmorton, Shackelford, Young, Stephens, Jones, Fisher, Scurry, Mitchell, Nolan, Taylor, Callahan, Eastland, Brown and Comanche Counties.

In addition, Mrs. Mamie McCandless of Kingsville, president; Mrs. Ruby Jo Roe of Abilene, senior vice president; and Mrs. Jane Waters of Fort Worth, junior vice president of the Department of Texas, Ladies' Auxiliary, are to be in attendance and will be heard at both the joint meeting and in closed sessions of the auxiliary.

Talmadge E. Dean of Anson is commander of District 8, and Mrs. Annetta Simmons, also of Anson is president of the ladies' auxiliary units in the district.

MISSIONARY

(concluded from page one)

Tuesday; Throckmorton on Wednesday; to Monday on Thursday; and Seymour on Sunday morning; Haskell at 5:00 p. m. and Stamford at 7:00 p. m. on the same day.

A special invitation is extended to everyone to attend the missionary service Sunday morning at 11:00 o'clock, Pastor Egger declares.

Members of Fifty-Two Study Club Tour Telephone Plant After Program

Mrs. Don Locke spoke on "Who is the Telephone Company?" when members of the Fifty-Two Study Club met in home of Mrs. W. C. Westbrook, with Mrs. E. J. Hawkins as co-hostess. Theme of the program was "Key to Communication."

Mrs. W. S. Seals led the club in the club prayer. Mrs. Ned Moore gave some interesting pointers on parliamentary procedure.

Mrs. Harry Martin, director for the program, introduced Mrs. Locke. The speaker gave a brief history of the company declared it was a magic of communication. She explained how the company was divided into three divisions and how each one operated.

Members of the club then went to the telephone central office and made a tour of the plant. Andy Anderson, line chief, conducted the group.

Mrs. Joe League presented Mrs. Dean Witt a president's pin. The club group voted to have the Hamden Memorial Library as a community project for the coming year.

Mrs. Ed Lewis, chairman of the Americanism committee, re-

minded members of the group to vote in any election. The club voted to conduct a telephone campaign to remind people of the community to vote in the forthcoming general election November 6.

Mrs. J. T. Drake was elected to membership in the place of Mrs. S. C. Ferguson Jr., who resigned.

Tacky Party Staged For Young People of North Central Church

A tacky party was given for young people of the North Central Avenue Baptist Church at the C. W. Johnson home. Games were enjoyed by the group. Then prizes were given to the tackiest person, the winner of the apple bobbing and bubble blowing contests. Bobby Seifres won all three prizes.

Sharon Cary, a member of the Sunday School class, had a birthday during the week and was presented a birthday cake by members of the class.

Refreshments of cake, punch and candy were served to the following: Ruby Campbell, Bobby Seifres, Mary Lou Ellison, Beth Christian, Sharon Cary, Irene Putnam, Glenna Putnam, Lennie Johnson, Mrs. Inez Nichols and Mr. and Mrs. George Campbell.

Hostess for the party was Mrs. Johnson. Sarah Carlan acted as co-hostess.

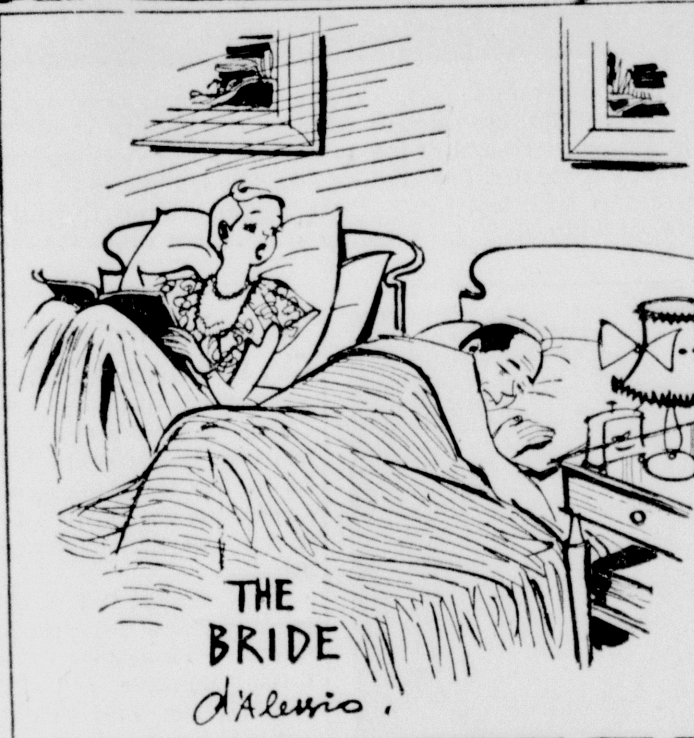

Officers of the young people's class are: Bobby Seifres, president; Sharon Cary, vice president; Ruby Campbell, secretary-treasurer; Nellie Johnson, reporter; Polly Crocker, Nadine Branscum, Bobby Jones and Tommy Perkins, group captains.

Mrs. League is worthy matron of Hamlin chapter No. 460 of the Eastern Star.

The Rock of Gibraltar is about 205 feet taller than the Empire State building.

THESE WOMEN!

"Let me know when you're half asleep, darling. I want to tell you about something I bought today!"

Observance of Traffic Laws Around School Buses Urged for Auto Drivers

Texas school superintendents, news editors and other citizens have been requested to give statewide emphasis and interpretation to the oft neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children. Importance of the law observance is particularly stressed at this time by Hamlin School Superintendent C. F. Cook.

Three Texas agencies—the Texas Education Agency, the Texas Highway Department and the Texas Department of Public Safety—join in making the appeal.

Texas school buses were involved in 79 accidents in rural areas outside city limits during 1935. Three children and two adults were killed in these accidents.

"Even one preventable accident, as we all know, is one too many," said J. W. Edgar, commissioner of education. "A study of the various replies which have been made to the question of what drivers of other vehicles should do when they approach a school bus which is loading or unloading children reveals a startling lack of understanding and a great deal of misunderstanding concerning what the statutes require."

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed which is prudent and does not exceed 10 miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone.

Peggy Joyce Briscoe Pledges Social Group

Peggy Joyce Briscoe of Hamlin has been selected to pledge Kappa Delta, national social sorority, at North Texas State College of Denton this semester, according to a release to The Herald.

Names of 121 pledges for the six national sororities at NTSC were announced this week by Dr. Imogene Bentley, dean of women.

Miss Briscoe, a sophomore business education major, is the daughter of Mr. and Mrs. Floyd C. Briscoe.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests!

Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See if — taken through the month — it doesn't give relief from those backaches, jittery — help you feel better before and during your period!

Or — if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

Woman's Literary Club Studies Natural Resource Conserving

Members of the Woman's Literary Club met in the home of Mrs. M. T. York Friday afternoon with the theme of the program being "The Time Is Now to Conserve Natural Resources."

Mrs. Duane Stallcup led the members in the giving of the collect for club women. Mrs. York presided and Mrs. Virgil Steele gave the minutes of the last meeting. Mrs. C. F. Cook, federation counselor, presented the October report of the federation.

The program was in the form of a symposium: "Water, Our No. 1 Problem." This unit was worked out for women's clubs by Eudora Hawkins, representative of the West Texas Utilities Company. Mrs. W. A. Albritton was director for the symposium. Mrs. Ed Wiggins gave "Texas' Water Background;" Mrs. Virgil Steele's topic was "Texas' Water Resources;" Mrs. W. A. Castle talked on "Water Uses and Water Problems;" and Mrs. Duane Stallcup discussed "Possible Solutions to the Water Problems."

McCaulley Church Class Group Meets In Houghton Home

Members of the Gleaners Sunday School Class of the McCaulley Baptist Church met for their monthly business and social meeting in the home of Mrs. Frank Houghton, with 14 members present.

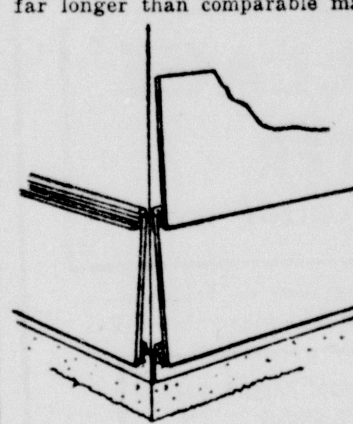

Mrs. Rufus Herbst, first vice president, presided for the business session. Mrs. Everett Bowen brought a devotional from Psalms, and Mrs. George led in prayer.

The social hour was directed by Mrs. Herbst, after which a refreshment plate was served by Mrs. Houghton to attendants.

No Nails Mar Face Of Shadowvent Siding

A NEW kind of siding that has no visible nails to mar the surface, that has even, trim lines and a clearcut shadow line, and that holds its painted surface far longer than comparable materials may be obtained at lumber yards under the name of Masonite Shadowvent siding.

It's a combination of a familiar product, Masonite Tempered Preswood, and a specially formed aluminum strip, which holds the panel and is vented to prevent the condensation of moisture inside the wall.

How the panel fits into the aluminum strip without nailing is shown in the upper detail. Only the aluminum strip is nailed to the studs. The siding itself "floats." The system holds the panels in perfect alignment.

Pre-packaged panels come in widths of 10" or 12", sizes that are popular in ranch-style houses and which are available in these widths at no premium in cost. Shadowvent is easy to paint, and paint on this material lasts much longer than on the conventional siding because it is so smooth and has no knots or grain.

Of the many things that have a bad influence on children, one of the most outstanding is children.

First Baptist YWA Group Welcome Two New Members in Unit

Members of the Young Woman's Auxiliary of the First Baptist Church met with Gwendolyn Brown last Wednesday from 6:00 to 7:00 p. m. Meeting was called to order by the president, Gwen Brown. The YWA watchword was repeated, and the YWA song was sung.

Gerry Rumfield and Glenda Hill were appointed to take the Sunday School lessons to the patients in the hospital. Minutes were read of the last meeting.

Rene Moore brought the program, entitled "Language Teacher in Costa Rica."

Refreshments were served to the following members: Gloria Rodgers, Benita Smith, Glenda Hill, Gerry Rumfield, Agnetta Smith, Renee Moore, Gwen Brown, Eva Wallace, and the counselor, Mrs. Kenneth Riddle.

Two new members were welcomed into the YWA—Glenda Hill and Gloria Rodgers.

Next meeting of the group will be in the home of Renee Moore on November 7.

Rubber stamps at the Herald

County Club Women To Collect Gifts for Hospital at Abilene

Annual reports took most of the time at the Jones County Home Demonstration Council's October meeting. Each club president gave a brief report of her club's activities this year. Each council officer and committee chairman also gave a report of her work.

New officers elected were: Mrs. Vernon Stanley, chairman; Mrs. J. E. Hudson, vice chairman; Mrs. H. H. Windham, treasurer; and Mrs. Howard Roberts, secretary.

The council annual Christmas party, it was decided, will be a covered dish luncheon on December 11. Gifts will be exchanged, and gifts will be collected for patients at the Abilene State Hospital.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty out-spoken cuss, but he's a good doctor. At least, he's the only one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and of its own accord. That's what I understand from listening to the visiting senators."

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelanders."

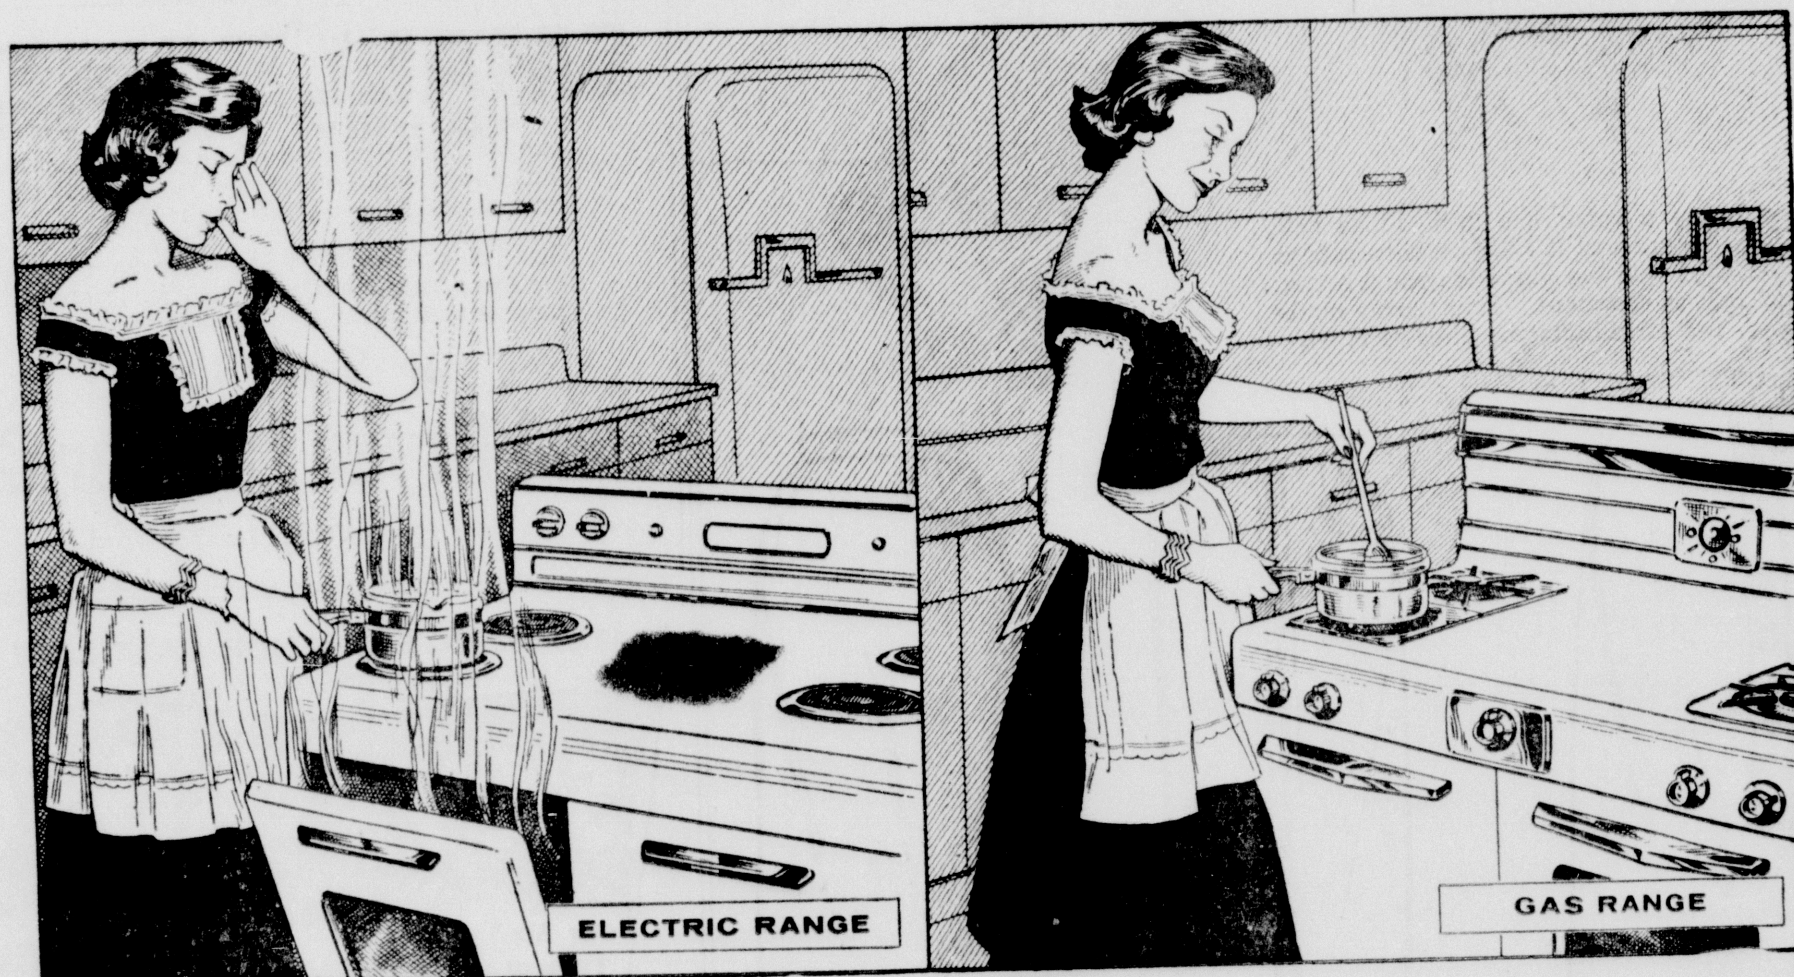

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on, and he was hurrying him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the group, because like I said he's the only doctor in town.

Yours Truly,
Tex

(Pol. ads. paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

Suddenly you know how modern a range should be—
flame-fast GAS ranges alone offer
smokeproof, closed-door broiling!

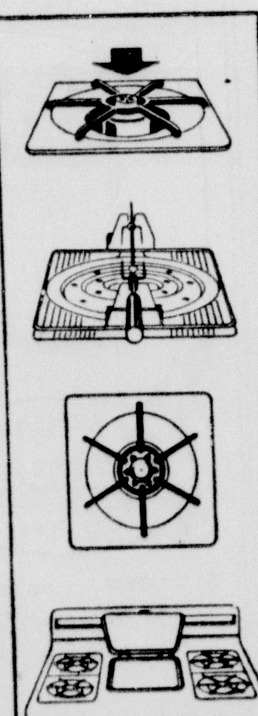

ONLY WITH EXCITING NEW
FEATURES LIKE THESE CAN
YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver quickly reaches and holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

New Built-In Rotisserie. Broil indoors with flame-kissed "barbecue flavor." Automatically turns out your favorite foods, easily and deliciously.

Simmer Flame. On each burner, tiny points of flame make waterless, "vitamin-save" cookery a snap! Unlimited keep-warm and simmer settings!

Built-In Griddle. Perfect pancakes every time—from the new "griddle-in-the-middle." Holds temperatures automatically. It's also a giant fifth burner.

Only when you broil with gas can you keep the door tightly closed (without messy filter)—no chance of heat pouring out at you during broiling period. Modern flame-fast gas ranges are smokeproof—flame consumes smoke and grease. Keeps cooler and kitchen cleaner. Your husband is sure to be a gas range enthusiast, too...he knows gas broiling gives steaks that super-delicious flame-kissed flavor.

And a gas broiler is so easy to use! Flexible burner control permits slow-broiling or fast-broiling as desired. No wonder smart women say truly modern cooking is cooking with flame-fast gas.

DON'T BE FOOLED... cooking with gas is cheaper. For what it costs you to cook electrically for one year, you can cook for more than four years with flame-fast gas. **SAFEST COOKING EVER!** A.G.A. seal on each gas range assures reliability. Fire insurance statistics prove gas is safer!

SIZZLING TRADE-INS NOW on your gas or electric range. Cook modern — change today to a new ultra-modern gas range.

Lower, Longer and Wider Plymouths For 1957 to Be Display Next Tuesday

The 1957 Plymouth will be displayed by dealers throughout the nation beginning Tuesday, October 30. Plymouth President J. P. Mansfield announced this week. In Hamlin the new models will be shown by John F. Green Motor Company and Prewitt Motors.

Lower, wider and more powerful, the new model represents a complete change in styling, body structure and chassis.

Mansfield said the new car is the result of a telescoping of Plymouth's forward planning.

"The car we are about to introduce has the style and features of the car we had thought, only a few years ago, as possible for about 1960," Mansfield said. "We have moved faster than we had hoped. The public has shown an eagerness to accept dramatic change."

Plymouth models for 1957 are as much as five inches longer than corresponding 1956 models. The wheelbase has been lengthened from 115 inches for all models in 1956 to 118 inches for standard models and 122 for Suburban station wagons in the 1957 lines.

The new car has the appearance of greater length which comes from functional styling. A broad hood, soaring tail fins and forward thrusting headlight brow all contribute to the impression of length.

In chassis design Plymouth has accomplished its most significant change since the introduction of independent front wheel suspensions with coil springs in 1934. The feature is called torsion-air.

In the overall re-design of the front suspension, coil springs have disappeared. They are replaced by torsion bar springs which, together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

All of the 1957 Plymouths have more powerful engines than 1956

models. The standard V-8 for all models except the Plaza in the new Fury 301, the number signifying displacement. The Plaza V-8 retains a displacement of 277 cubic inches but, like the Fury 301, has a new camshaft, new carburetion and other innovations to achieve increased performance and economy.

Fisher Farmers to Help Defend Roby Man in Test Case

One hundred and twenty members of the Fisher County Farmers Union, in their regular monthly meeting Tuesday night, voted unanimously to give full financial and moral support to the defendant in a case now pending in the federal court in Abilene.

Joe Morris, Roby farmer, is being sued by the federal government for recovery of a claim developing from his use of Mexican national workers during the 1955 cotton season. Morris, apparently a guinea pig in the matter for several thousand farmers over West Central Texas, paid the involved workers what he thought to be the contract wage during the harvest season of 1955, and learned only in April of 1956 that the federal government claimed the rate he paid was insufficient.

Max Carriker, Fisher FU president, made the following statement immediately after the meeting at Roby:

"This wage kick-back for 1955 cotton harvest that involves so many farmers is an outright injustice to the cotton farmers of West Texas, and we are going to use every means at our command to put it right. We already have attorneys studying the matter, and their reports are very encouraging to date.

"The whole altercation evolved from a unique case of bungling on the part of certain sections of the U. S. Labor Department, and, as is typical, the burden is left with the farmer."

Funds to develop and present adequate defense in the matter will be raised by subscription through the Fisher County Farmers Union organization.

Reports from area chairmen for the FU membership drive were heard at the meeting, and the results totaled, and the overwhelming response to the drive indicates that the 1957 goal of 400 members for the Fisher County will be considerably exceeded. About 90 new members have joined their ranks, and the 1956 membership totaled 300. The drive will not be completed until January.

Freight Carloadings For Santa Fe Decline

Santa Fe Railway System freight carloadings for the week ending October 20, 1956, were 25,908 compared with 27,806 for the same week in 1955, reflecting a slight decline. Cars received from connections totaled 13,842 compared with 13,315 for the same week in 1955.

Total cars moved were 39,750 compared with 41,321 for the same week in 1955. Santa Fe handled a total of 39,097 cars in the preceding week of this year.

TURNING POINT.
Age 16: When a boy turns from Boy Scouting to girl scouting.

BEING DISPLAYED THIS WEEK, the 1957 Plymouth sport coupe (hardtop) has a low silhouette, long wheelbase, more powerful Fury 301 engine and revolutionary new torsion-air ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. Car pictured here is the Belvedere with sport-tone trim. New Plymouths are on display at Prewitt Motors and John F. Green Motor Company showrooms in Hamlin.

Statement of Ownership, Circulation And Management of Hamlin Herald

Below is a statement required by the act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (Title 39, United States Code, Section 233) showing the ownership, management and circulation of The Hamlin Herald, published weekly at Hamlin, Texas, for October 1, 1956:

1. The name and address of the publisher, editor, managing editor and business manager is Willard Jones, Hamlin, Texas.
2. The owner is (if owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given; Willard Jones, Hamlin, Texas; June Jones, Abilene, Texas.
3. The known bondholders, mortgages and other security holders

owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: Farmers & Merchants National Bank of Hamlin, Texas; Farmers & Merchants National Bank of Abilene, Texas; Rose Bosc of Stephenville.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was 1,352.—Willard Jones, Publisher.

Sworn to and subscribed before me this 16th day of October, 1956.
—May Gay, Notary Public

Pogram means an organized massacre of a group or class.

WE ARE GRATEFUL TO THE GOOD PEOPLE OF THE HAMLIN TERRITORY . . .

After operating the theaters of Hamlin for more than 40 years, we have recently sold our interests to Carl Benefield and Ed Green.

We commend the new owners to the people of Hamlin. They, with their new manager, Mr. Barnes, are experienced theater people, and they will give the community good service.

We would be ingrates if we failed to express our sincere appreciation for the wonderful patronage of people of the area through the years. We shall ever highly esteem your considerations.

MRS. B. S. FERGUSON AND FAMILY

Pipers Go to Seymour Friday For First Conference Game

Panthers Doped As Stronger of Two Delegations

Crucial football season of the Hamlin High School Pied Pipers begins Friday night when the local gridders go to Seymour for their first District 4-AA game on the bill of fare. It will be the first time in many years the local lads shall have played a Seymour aggregation. That city was added to the District 4-AA loop this year, along with Haskell (which is on probation this year) to replace Rotan and Colorado City.

Coach Truman Nix's cohorts are in good fettle for the opening league tilt, although the Panthers are doped to take the melee by at least two touchdowns.

Seymour has lost only one encounter this season—that to the Dumas bunch Friday night a week ago. With five scalps hanging from their belt, they enter the fracas Friday night rested up and rearing to go after last week's open date on their slate.

Hamlin has four victories, two losses and a tie on their seven-game record for the season.

A big delegation of boosters, including the 60-piece Pied Piper Band and 50-member girls' Pep Squad, is due to follow the grid crew to Seymour.

A WEDDING'S BE-GUN!
She—"Paw's the best shot in the country."
He—"What does that make me?"
She—"My husband."

Copyrights are good for 28 years.

DISTRICT 4-AA STANDINGS

Percentages of teams of the District 4-AA conference were improved last week with all teams hitting .500 or better grade to prove the gridders are better than the average in the area. Hamlin defeated Albany in the only non-conference tilt of the week-end. Stamford beat Anson in the first district tilt, while Seymour had an open date.

All-Season Standings

The all-season standings after last week-end's games follow:

Teams—	P.	W.	L.	T.	Pct.
Stamford	7	7	0	0	1.000
Seymour	6	5	1	0	.832
Hamlin	7	4	2	1	.645
Hamlin	0	0	0	0	.000

Conference Standings

Teams—	P.	W.	L.	T.	Pct.
Stamford	1	1	0	0	1.000
Seymour	0	0	0	0	.000
Hamlin	0	0	0	0	.000
Anson	1	0	1	0	.000

Results Last Week

Hamlin 31, Albany 13.
Stamford 40, Anson 0.
Seymour was idle.

Where They Play

Hamlin at Seymour.
Nocona at Stamford.
Anson: Open date.

Balance of Games to Be Played at 7:30 p. m.

Balance of the football games on the Hamlin High School Pied Piper schedule will be played at 7:30 o'clock, it was announced this week by school officials. The new time will apply Friday night at Seymour.

Games so far this season have been played at 8:00 o'clock. With shorter days now prevailing, the time was advanced 30 minutes.

Pied Pipers Whip Albany Lion Crew By 31 to 13 Count

Hamlin High School Pied Pipers improved their game percentages Friday night when they beat the Class A Albany High School Lions to the tune of 31 to 13 on the Albany griddle. It made four wins out of seven games for the Nix-men.

Hamlin scored in the first quarter when Fullback Doug Ford pushed over the double stripe from six yards out. The extra point boot went wild.

In the second period the Lions came back to take the lead when Fullback Kenneth Hill went over from the one-yard spot after a 52-yard drive and Jackie Eubank, end, booted the extra point.

Four touchdowns were racked up in the fourth quarter, with Hamlin making three of them.

Two scores came in quick succession. Herbert Lakey, halfback, scooted across the four-yard space for a touchdown. A few minutes later Halfback Virgil Wilson took a pass from Quarterback Don Adair to go 13 yards and the tally.

Albany Quarterback Glenn Macon went over from the one-yard slot to climax a 55-yard drive by the Lions. The try for extra point went awry.

Still in the same quarter Wilson again went 30 yards off tackle for another marker, and Charles Jenkins' boot was good for the seven pointer.

Last score was made in the fourth quarter when Doug Ford went through the middle of the Albany line for 18 yards and the touchdown.

First downs favored Hamlin 19 to 17. The Pipers made 331 yards on the ground to 262 for the Albany crew, but the Lions accounted for 49 yards in the air by completing three of four passes while the Pipers were making 47 yards on four out of five aeriels. Albany had two passes intercepted.

RODEO CHAMPIONS—Winners of individual events in the world champion rodeo in New York's Madison Square Garden wave their hats after being awarded prizes of silver encrusted saddles. Left to right are Jim Shoulders of Henryetta, Oklahoma; Everett Colborn of Dublin, managing director of the rodeo; Ira Aker of San Antonio, bull rider; Ray Wharton of Bandera, calf roping; General John Reed Kilpatrick, chairman of Madison Square Garden; Guy Weeks of Abilene, saddle bronc riding; John Jones of Fresno, California; and Mort Hunt of Stonewall, Oklahoma.

Farm Cash Income Shows Gains with Capital Revenues

While Hamlin area farmers have not felt much of the cash income in recent months, Texas farm cash income appears to be holding up, despite one more year of drought, the University of Texas Bureau of Business Research says in a release to The Herald.

This year's total, to the end of August, was \$927,160,000, a gain of less than one-half of one per cent over the January-August 1953, income (\$925,569,000).

However, many farmers say farm income has been kept at the 1955 level through the sale of what financiers would call capital materials needed for continued production, such as breeding stock. If that is the case, farm income may drop more substantially in the next few years.

"Agricultural economists have not yet determined just what is sustaining the farm income this year, but there seem to be substantial grounds, in some parts of the state at least, for the farmers' claims," Staff Writer James H. Keahney reports.

Eleven of the 19 major farm commodities brought increase income, seven decreased and one showed little change in the 1955-56 comparison for the first eight months of the year.

Increases were made by cattle, up one per cent; corn, five per cent; calves, six per cent; wool, seven per cent; grain sorghums, 11 per cent; hogs, 16 per cent; peanuts, 23 per cent; milk and milk products, 24 per cent; poultry, 29 per cent; fruit and vegetables, 37 per cent; and sheep and lambs, 38 per cent.

Showing decreases were wheat, down two per cent; eggs, six per cent; rice, 18 per cent; cotton, 19 per cent; oats, 44 per cent; cottonseed, 50 per cent; and flaxseed, 79 per cent. Mohair registered an insignificant change.

Methodist Home Choir on Broadcasts

Special choir of the Methodist Home for Children in Waco is one of the nine music groups heard on the program, "These Are Your Children," broadcast over a regional radio network of 21 stations in Texas and Oklahoma, points out Rev. Darris L. Egger, pastor of the First Methodist Church.

The 400 children of the home present the program of story and song every Sunday morning at 8:15 o'clock. Stations heard in the Hamlin region include KGNC of Amarillo, WFAA of Dallas, and KWFR of San Angelo.

THOUSAND ON A PLATE

A rookie passing the mess hall asked the cook:

"What's on the menu tonight?"

"Oh, we have thousands of things to eat tonight."

"What are they?"

"Beans."

Hamlin Juniors Hold To First Place in Loop As Other Crews Play

While the Hamlin Junior High School gridders were idle last week, three other games were played by district junior teams—one of them a make-up from the previous week.

Albany defeated the Merkel Juniors 25 to 13 in the make-up, and Albany defeated Rotan 46 to 6 and Anson was victor over Merkel 38 to 0 last week.

After these three tilts, the percentages in the five-member conference team looked like this:

Teams—	P	W.	L.	Pct
Hamlin4	4	0	1.00	
Anson4	3	1	.75	
Albany4	2	2	.50	
Rotan4	1	3	.25	
Merkel4	0	4	.00	

Games for Tuesday

Hamlin at Albany.
Rotan at Merkel.
Anson: Open.

CAUGHT IN THE ACT

The school inspector prepared to give the children an intelligence test.

"Now, children, close your eyes."

The inspector made a noise like a dog panting. "Now open your eyes and tell me what I was doing."

"Kissing teacher," came the reply from one of the boys in a back seat.

Junior High Gridders Host to Merkel Squad

Hamlin Junior High School's football crew, coached by Harry Martin, were entertaining the Merkel Junior High team Tuesday night at Pied Piper stadium.

The Mighty Mice won the first encounter at Merkel by a 14 to 0 score.

Hamlin was to be fighting to retain first place in conference, while Merkel was trying to climb out of the cellar.

Hamlin Wins Only Non-Conference Game as Stamford Tramples Anson

The Pied Pipers of Hamlin High School won the only non-conference football tilt Friday night for District 4-AA teams by trampling the Albany Lions. Seymour was idle, and Stamford was busy making short work of the Anson Tigers in the first league game of the season.

Hamlin's defeat of the Albany crew was unimpressive, but it was a good game, witnessed by hundreds of fans from the two towns. The tilt was played on the Albany gridiron. Hamlin scored five touchdowns against the Class A aggregation of Shackelford County, Doug Ford making two, Virgil Wilson two, and Herbert Lakey going over for one marker. The kicking of Charles Jenkins was below par, he making only one of the five extra points. Kenneth Hill and Glenn Macon scored the touchdowns for Albany, and Jackie Eubanks booted the first extra point.

Stamford Bulldogs' defeat of the Anson Tigers Friday night was expected, however, the 40 to 0 score was a little top-heavy for the tilt. It was the first conference melee of the season for District 4-AA teams. Stamford scored on the opening kickoff when Mike McClellan took a pitch-out from Nickie Jackson and tallied standing up. Dallas

Christian missed the extra point boot. Halfback Stanley Hill went over from the 10 in the same quarter and Christian converted. End Charles Stenholm scored on a 25-yard pass in the second period, but Christian missed the extra point try. The Bulldogs tallied twice in the third period as Jackson and Donald Davis scored. Both extra point boots were good. Hill scored the final touchdown in the fourth quarter as he pushed over from the one. Jackson passed to Stenholm for the extra point.

No Advance Tickets For Seymour Game

No tickets to Friday night's Hamlin-Seymour game will be available in Hamlin, it was announced by school officials Tuesday, so purchase of the tickets before game time will not be possible.

However, in telephone conversations with Seymour school officials Tuesday, local authorities were assured that there will be plenty of good seats available for Hamlin fans when they arrive there for the first conference game for the two teams.

\$6.03 Paid for Milk in Central West Texas

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during September will be \$6.03 per 100, according to an announcement by Byford W. Bain, market administrator. This price is subject to location and butterfat differentials.

Daily receipts of milk from producers decreased from 419,852 pounds in August to 414,785 pounds during September. Although total producer milk decreased from August to September,

CUTE AND COY.

"My adored one," cried her admirer, "may I print a kiss upon your lips?"

She blushed and replied, "Well-er-yes. You may print it, but you mustn't publish it."

HOBBY LOBBY.

Definition of a hobby: Something you are goofy about because you don't want to blow your top over things in general.

ber, average daily production per farm increased from 528 pounds in August to 568 pounds in September.

EXTRA VISITOR.

On answering his doorbell a man found an old friend and a large dog standing on his porch.

"Come in! Come in!" he said.

His friend came in and sat down while the dog put the man's cat to flight, knocked over a bridge lamp and several vases, and finally made himself comfortable in the best chair.

When the guest rose to leave, the host said with a touch of sarcasm in his voice, "Aren't you forgetting your dog?"

"Dog? I have no dog," replied the guest. "I thought he was yours."

State Capital NEWS

By Vern Sanford,
Manager, Texas Press Association

Austin.—Governor Allan Shivers again is heading the ranks of Texans for Ike. After killing a 1,000-pound bear in Alaska, the governor came home gunning for Adlai Stevenson.

Shivers is to make three out-of-state speeches for Eisenhower this week. He said he is ready to make more "any time, any place."

He criticized scheduled appearances in Texas of out-of-state U. S. senators who voted against the tidelands bill.

In reply Senator Lyndon Johnson said that the governor was "being discourteous and insulting" to visitors to Texas. "The tidelands issue," he said, "is as dead as Allan Shivers."

Campaigners for Price Daniel's U. S. Senate seat are in for more tortuous waiting.

Governor Shivers has said he will have no announcement on calling an election until after November 6. A special Senate election, he added, "has no place being mixed up with a presidential election."

Texas cotton farmers will vote December 11 on whether to extend federal marketing quotas to the 1957 crop.

Two-thirds approval of farmers voting nationwide is required to put quotas into effect. Continuation of wheat quotas has already been voted.

U. S. Department of Agriculture also announced that each Texas county's 1957 cotton acreage allotment will be within at least one per cent of its 1956 level. This decision apparently was aimed at quelling a prolonged rivalry between East and West Texas counties for increased acreage.

Total Texas cotton acreage for 1957 is to be 7,410,893 acres, slightly higher than 1956.

Local option elections held in an area less than a justice precinct are illegal, say the courts.

Texas Supreme Court has upheld a Civil Appeals Court decision to this effect. As a result, a section of Austin considered "dry" since 1935 is now legally "wet."

Local option elections, said the appellate court, can be held only county-wide, city-wide or in an entire justice precinct.

Texas' need for state office space will be tripled by 1960.

So say planning consultants for the state building program. They estimate that Austin alone will

have some 11,500 state employees 24 years hence. State-wide the total is set at 24,000 to 30,000.

Planners say the 200,933 square feet of floor space in the Capitol building will be augmented to make a total of 1,720,000 square feet. To accomplish this four new office buildings would be built. Capitol grounds would be extended north six blocks to Nineteenth Street.

"Broad estimate" of the cost is \$87,000,000.

Another recommendation in the recently completed Capitol area master plan is to sell or abandon four older state owned buildings dotted over Austin.

Whether the state should refund some \$4,000,000 in natural gas taxes will be considered by the Third Court of Civil Appeals on February 6.

District court rules for the gas company in the test case. An issue is whether some 30 companies who paid taxes, without protest, can get their money back.

Companies which paid under protest were repaid shortly after the law was declared unconstitutional.

A sharp rise in alcoholism among Texans during 1956 is indicated.

Twice as many patients have been admitted to alcoholic wards this year as last, reports the State Hospital Board.

Total number of alcoholics in the state is estimated a 159,100. This is almost twice the 1940 estimate of 83,304, represents about three per cent of the total population.

Texas cash farm income for 1956 is running slightly higher than 1955, despite the drought.

But, according to the University of Texas Bureau of Business Research, the figures reflect desperation, not prosperity.

High income, it is explained, comes from sale of production materials, such as breeding stock. Specialists compare it to the situation of a factory which keeps income up by selling its machinery.

Total through August was \$927,000,000, compared to \$925,000,000 a year ago.

Texas school board members talked all around their integration problems, finally settled on a resolution urging each district to approach the question with "dignity."

Only one dissenting vote was heard among the some 200 attending the Texas Association of School Boards convention in Austin.

One speaker declared integration should be handled strictly on a local basis. Another deplored that school boards have been made the "goats" in the controversy.

Short Shorts—Number of Texas factories increased 25 per cent from 1947 to 1953, according to the Department of Commerce. Value of manufactures rose to 103 per cent. It put Texas industrial growth well ahead of the nation as a whole. . . . Children in Texas counties will seek funds for Christian Rural Overseas Program instead of candy on Halloween night. Last year the state's youngsters brought in \$39,000 from their holiday rounds. . . . Texas schools received nearly \$84,000,000 in federal funds last year, according to the U. S. Office of Education. Texas' share was the second largest in the nation. . . . A \$5,000,000 pecan harvest this fall is expected to boost the sagging fortunes of Texas farmers and ranchers. This year's crop is estimated at 25,000,000 pounds, 34 per cent less than last year, but still considered a "good" harvest. . . . Texas has had 487 more citizens leaving the armed forces than entering so far in 1956. Entries total 33,014 and separations 33,501, says the state selective service headquarters. Of those entering, 28,203 enlisted voluntarily, 4,811 were drafted. . . . Payments to Texas farmers under the 1956 soil bank program have hit \$7,852,232, says the U. S. Department of Agriculture.

It is colder at the South Pole than at the North Pole.

Second Graders Get Lessons in Cooking

Students of the second grades at Hamlin Primary School had an unusual treat last week. They made, baked and ate gingerbread men at school.

Each child was given a ball of dough, some red dots and a piece of waxed paper. They molded their own man and decorated him to their own choosing, reports Mrs. Fred Smith, principal of the school.

Many and varied were the forms these gingerbread men took. But, needless to say, each child had an unforgettable experience.

Loans to Mexican Cattle Raisers Due To Help Purchase of Herd Breeders

President of cattlemen's unions in Northern Mexico will be special guests at the stocker and feeder sale at Fort Worth stock yards Friday, October 18, declares Ted Goudy, special market reporter for The Herald, in his weekly news release. The Texas Hereford Association received word from Francisco Vargas, presidente Union Reg. Ganadera de Durango, Mexico, that he would arrive in Fort Worth Wednesday and perhaps have some other Mexican ranchmen with him.

Manuel Torres, presidente Union Reg. Ganadera de Sonora, Mexico, reported that he was anxious to come to the sale and was trying to get other cattlemen to accompany him. Humberto V. Reyes, field man for the Hereford Association, talked with Torres and Vargas by telephone.

Last week it was announced that \$5,000,000 had been loaned Northern Mexican cattlemen for the purpose of buying breeding stock. The major portion of this loan will be for beef cattle. The Texas Hereford Association has been pushing the program for months and, since Texas cattle are so well acclimated, the Mexican cattlemen are keenly interested in filling their needs with good commercial females from the Texas ranges.

Cattle trade was uneven and prices were about steady on most classes this week. Some of the more desirable quality calves and cattle were steady to strong, and light canners and lower quality cattle and calves were steady to weak. Bulls were around 50 cents lower. Trade was reported highly uneven on virtually all classes as salesmen pressed for higher prices in view of the rain reports in much of the territory.

Good and choice slaughter steers and yearlings cashed at \$17

to \$24, while common and medium offerings cleared at \$9 to \$16. Fat cows sold from \$8.50 to \$11, and canners and cutters sold from \$5 to \$8.50, with some emaciated lightweight canners attracting bids of under \$5 in some cases. Bulls sold from \$8 to \$11.50, with odd head above that range.

Butcher hogs sold 25 cents above Friday's close, and sows were 50 cents higher. Choice hogs topped at \$16.25 to \$16.75, and less desirable weights and grades cashed at \$13 to \$16. Sows cashed at \$13 to \$15.

Slaughter lambs were steady to strong, and other grades and classes sold fully steady in the sheep division. Good and choice slaughter lambs topped at \$17 to \$20, mostly \$19 downward. Cull to medium lambs drew \$8 to \$18. Stocker and feeder lambs sold from \$11 to \$15.50. Some light undesirable lambs, stockers, sold around \$7 to \$10.

Slaughter ewes sold mostly from \$4 to \$5.50, with some fresh shorn culls down to \$3 or below. Old Bucks drew \$3.50 to \$4.50. Old wethers sold from \$8 to \$12. Slaughter yearlings sold from \$9 to \$15.

LIKE IT HAPPENED.

Shocked by the language used by two workmen repairing telephone wires close to her home, a spinster reported the matter to the company.

In making his report on the incident the foreman wrote: "Me and Bill Smith was on the job. I was up the pole and let some hot lead fall, and it went down Bill's neck. He said, 'You really must be more careful, Harry,' and I said, 'Indeed I must, Bill. I will see that it don't happen any more.'"

CHRYSLER NEW YORKER OF 1957 offers advanced forward look styling, a revolutionary new torsion-rod suspension, a new three-speed push-button torque-flite transmission, twin headlights and smoother riding low pressure tires on 14-inch wheels. Approximately four inches lower than last year, they feature a combined heater-air conditioner, up to 40 per cent larger windshield and a new 92-cubic inch firepower V-8 engine. The new models went on display this week at Prewitt Motors in Hamlin. Shown above is the new Chrysler New Yorker two-door hardtop. They are available in a four-door sedan, four-door hardtop, convertible coupe and Town and Country wagon in a choice of 21 colors.

Mrs. Gibson Tells Lions Teacher Retirement Vital

Retirement, disability and survivors' benefits programs that will be provided under terms of the constitutional amendment to be voted on by people of Texas at the general election next month will go a long way toward holding the present teachers of our schools and attract more teachers that are sorely needed today, declared Mrs. Everett Gibson when she spoke at the Tuesday noon luncheon meeting of Hamlin Lions Club at the oil mill guest house.

The mathematics teacher in Hamlin High School pointed to the growing shortage of teachers all over the country, caused to a large extent by the lack of security afforded by teaching jobs today in comparison with other professions and trades.

Mrs. Gibson pointed out some of the provisions of the new constitutional amendment, including new contributions by the teachers themselves in order to make the profession more secure with more benefits. She said the average citizen will pay probably 50 cents per year for the new provisions of the amendment.

As a preface for her remarks about the retirement amendment Mrs. Gibson gave a background of the Texas school system as established in 1838 while Texas was a new state. She said the Texas permanent school fund, now totaling more than \$225,000,000, is one of the largest in the country.

Besides the speaker, other guest at the Tuesday luncheon was Mrs. Fred Smith, principal of Hamlin Primary School.

NO HURRY, DOC.

Man's Voice over the Phone: "Doctor, my wife has just dislocated her jaw. If you are out this way in a week or so, you might drop in."

Prewitt Sees Preview Of New Chryslers at Fort Worth Showing

T. E. (Gene) Prewitt of Prewitt Motors has just returned from Fort Worth, where Broadway stars from "Kismet," "South Pacific" and "My Fair Lady" previewed for him the 1957 Chrysler and Imperial automobiles which will go on display in his showroom next Tuesday.

E. C. Quinn, president of Chrysler division, Chrysler Corporation, pointed out that road-hugging 1957 such styling and engineering in-

Chryslers and Imperials feature novations as twin headlights, three-speed push button torque-flite transmission, revolutionary new torsion-rod suspension and 14-inch wheels.

Prewitt also previewed a low and rakish silhouette for 1957, with some models lowered as much as five inches. He saw how soaring outward-canted tail fins create the sleek appearance for a poised dart, the styling concept common in advanced aircraft, racing cars and racing boats.

The Fort Worth meeting was one of 17 held throughout the United States during October

Sterling C. P'Pool, Anson Natives, Goes To New Texaco Post

Sterling C. P'Pool was promoted to the position of district chief clerk of Texaco's Wichita Falls district, West Texas division of the producing department on October 16, according to a release to The Herald.

P'Pool comes from Texaco's division office in Fort Worth, where he held the position of head statistical accountant. He has served in various capacities in the division accounting department since his employment in Wichita Falls September 9, 1929.

P'Pool was born at Anson; at-

Hamster's Visit to Second Grades Holds Interest of Children

The four sections of the second grade at Hamlin Primary School, according to Principal Mrs. Fred Smith, had a delightful experience recently when Mike Murphy brought his pet hamster to school. His name is Little Bit.

The story of the hamster was read to the children from the encyclopedia. Then they wrote a

collective story about Little Bit. This story was their writing and language lesson for the day. Each child drew a picture of Little Bit. Small pets, properly caged, declares Mrs. Smith, afford excellent teaching situations for the primary grades, and are always welcome.

It is very probable, the teachers point out, that Little Bit, the pet hamster, did not enjoy being in school as much as the second graders enjoyed having her.
